Has Party at 107

While rolling dough before putting it in the oven for guests coming to her 107th birthday party, Mrs. Adelaide Hill, Fort Atkinson, Wis., smiles happily. Born in Plattsburg, N. Y., the aged lady has lived in Wisconsin since she arrived there at the age of six in a covered wagon with her parents. She says she is healthy "because I always wear two petticoats."

PA NEW OBSERVES

After a beautiful day Sunday, the weatherman is back in stride again today with more rain.

According to the Stat Game Commission, 830,399 squirrels were killed in Pennsylvania during the 1944 hunting season.

Thermometer on the public square indicating progress of the Victory can drive now registers near \$800,000.

Wonder where all of the local weather prophets have disappeared to? Haven't heard any predictions as to the kind of winter we are heading into. Did overhear one prediction that there would not be much snow, the reason assigned being that it has rained so much this fall.

Mrs. Edna Maxler, Fairmont avenue, reported to The News that several beautiful cock pheasants were perched outside her back door today.

Mention of consideration by more high schools in this district of proposals to install lights for night football brings to mind that New Castle pioneered in night football in this area, fifteen or more years ago.

According to a local resident who passed through Beaver Falls over the week-end, that community has installed its Christmas lighting effects in the business section, in preparation for the yule shopping season.

Early shopping for Christmas is advised by the National Retail Dry Goods association of the nation, which points out that stocks of desirable toys are low this year and rapidly being sold.

Pa News is in receipt of a letter from a resident of Croton complaining that some of the buses do not make all of the stops that were in service prior to the wartime inauguration of skip stop system. The complaint says that some passengers have been passed up at these stops.

Some afternoon don't be surprised if you hear voices from the clouds over New Castle. It won't be that you are hearing "voices" or that you need to see a doctor. It will merely be broadcasters from some Navy PB4Y bombers flying at 5,000 feet over the city as a promotional feature of the Eighth Victory Loan.

Secretary Hull To Be Called As Probe Witness

Former U. S. Cabinet Member To Be Summoned If Health Permits

COMMITTEE LOOKS INTO JAP WAR PLANS
WASHINGTON, Nov. 19.—(INS)—Counsel for the Pearl Harbor investigating committee announced today that former Secretary of State Cordell Hull will be called as a witness this week if his health permits.

The decision to delve into the maze of diplomatic details surrounding the 1941 disaster was disclosed as the committee opened its fourth day of testimony with examination of the sources used by the Navy in compiling its account of how Japan planned and executed the attack.

It came, too, as Sen. Ferguson (R-Mich.) revealed that he had asked that any United States prewar plans for an attack on Tokyo, Truk or other Jap bases be furnished the congressional committee.

Probe Secret Document
The committee began today's session with interrogation of Rear Admiral T. B. Inglis, Navy intelligence chief, on a heretofore secret document received from General MacArthur's headquarters in Tokyo this month. This gave information on the Jap attack plan obtained from former high-ranking enemy naval officers.

In that report, the committee was told, Jap authorities estimated

French Political Crisis Is Placed Before Assembly

By LEON PEARSON
(U. S. S. Staff Correspondent)

PARIS, Nov. 19.—Settlement of the French political crisis was put squarely in the lap of the constituent assembly today after Socialist refusal to support Gen. Charles de Gaulle in a coalition government without Communists.

The Socialist party, second strongest numerical group in the assembly, issued a statement last night rejecting a bid by De Gaulle for Socialist support in forming a government without the aid of the Communists who hold the largest number of seats among the leading parties.

Machinery For Settlement Of Labor Disputes Problem Before Washington Parley

WASHINGTON, Nov. 19.—(INS)—The important question of establishing machinery for the peaceful settlement of labor disputes was tossed squarely into the lap of the labor-management conference today for a decision.

The explosive issue, thus far avoided by the two-week-old union-business peace parley, was injected into the proceedings indirectly by the social action department of the National Catholic Welfare conference.

MANILA, Nov. 19.—A Japanese army officer virtually hung a noose around his own neck at the war crimes trial of Gen. Tomoyuki Yamashita today by admitting, he urged his men to kill women and children if they opposed the emperor.

The Jap officer, Col. Masatoshi Fugishige, took the witness stand after introduction of notes from a speech he made. The notes, taken by a junior Jap officer, quoted Fugishige as saying:

Kill Cruelly
"Kill American troops cruelly. Do not kill them with one stroke. Shoot guerrillas. Kill all who oppose the emperor—even women and children."

ONE OF WARTIME PREMIERS IS TAKEN

By HOWARD HANDLEMAN
(U. S. S. Staff Correspondent)

TOKYO, Nov. 19.—Gen. Douglas MacArthur ordered the arrest today of 11 high-ranking Japanese army officers and political leaders in a new war criminal roundup.

Japan's second wartime premier, Gen. Kuniaki Koiso, and Yosuke Matsuoka, wartime foreign minister, were included in the group earmarked for trial as war criminals.

The new war criminal roundup hit at the men who formulated Japan's long-range political philosophy as the basis for the war of Greater East Asia.

Each of the 11 men named was charged with crimes having to do with Japan's domestic and international policies such as revising the educational system along ultra-nationalistic lines, manipulating the army's aggressive spirit for war, or working through the Fascist Imperial Rule Assistance association.

Most of them committed their policy making crimes while Prince Fumimaro Konoye was premier. Konoye was not named for arrest. Konoye took office July 22, 1940. Shortly thereafter the Imperial Rule Assistance Association came into being as Japan's totalitarian party.

Koiso took the premiership after American successes in the central Pacific forced the Tojo cabinet out of office in the fall of 1944. Matsuoka was Japan's signer of the tripartite axis pact.

Filipino Troops Going To Japan
Report 50,000 Will Be Used As Occupation Forces Relieving That Many Yanks

By LEE VAN ATTA
(U. S. S. Staff Correspondent)

MANILA, Nov. 19.—International News Service learned from an authoritative source today that approximately 50,000 Filipino troops will leave Manila "in the very near future" to join allied occupation forces in Japan.

If the transfer of Filipino troops goes as planned, 50,000 Americans will be freed from occupation duty and sent home as quickly as shipping is available.

The Filipino contingent is made up of freshly trained combat units and is equal to more than three American divisions. According to the source of the information, the Filipino group will definitely relieve and replace American occupation troops already in Japan.

Ban Is Placed On 236 Japanese Produced Movies

TOKYO, Nov. 19.—(INS)—Gen. Douglas MacArthur placed an Allied ban today on 236 Japanese-produced movies and disclosed that future Jap films must conform to "democratic ways of life."

The banned films were considered nationalistic and militaristic propaganda. They carried such titles as "The Human Bullet of the Volunteer Corps," "The Day England Falls," and "Shoot Down that Flag."

The latter production was made in the Philippines and was viciously anti-American.

Pictures Censored

David W. Cone, civilian chief of Gen. MacArthur's motion picture advisory council, said that Jap film producers will not be allowed to produce any picture which might encourage militarism, encourage vengeance as a motive or favor religious intolerance.

Cone added that the Allied powers have no intention of destroying any Jap films which may have cultural value but said all themes at variance with the spirit or the letter of liberalizing aims will be banned.

Among the banned films was "Kushinaguru," which is Japan's classic national drama of revenge and loyalty.

Another Allied directive, issued yesterday, ordered cessation of all Japanese commercial aviation, aeronautical training and research.

committee of the labor-management policy met to receive reports from five working subcommittees on ways of minimizing industrial strife. One report already has been turned in.

Touchy Problem

The executive committee also has before it the touchy problem of how to compromise the CIO's demand for conference endorsement of "substantial" wage increases.

Previous information has indicated that the committees have devoted themselves largely to drafting principles for the guidance of labor-management relations.

In a letter to Secretary of Labor Lewis B. Schwellenbach and Conference Chairman Walter Stacy of the North Carolina Supreme Court, the NCWC proposed creation of fact-finding boards to investigate major disputes when negotiations collapse.

Such boards, appointed by President Truman and Schwellenbach, would be composed of impartial public members. They would hear both sides and report to the public on the controversy. Public opinion, thus aroused, would be counted upon to force a peaceful settlement.

The use of voluntary arbitration to settle disputes arising out of interpretation of existing contracts was urged strongly by Eric Johnston, president of the United States Chamber of Commerce and a delegate to the conference.

It was understood that a conference subcommittee on "existing collective agreements" has already completed a report recommending provision for arbitration as the final step in grievance procedure be inserted in all work agreements.

replied it was in the safe. The bandits went to the safe and obtained the money and rushed outside.

Outside, a third bandit patrolled the sidewalk, while another sat at the wheel of a car, the engine of which was kept running, according to the investigation of Chief of Police Archie Shoup.

After the pair who entered the store left, they jumped into the car and the bandit who had been in the "look out" also leaped in and the driver stepped on the gas and the bandit car sped toward New Castle or Ohio via Hillsville after leaving Bessemer. The car bore an Ohio license.

It was reported that about \$500 was obtained by the bandits.

State police hurried to Bessemer as soon as the alarm was sent they cooperated with Police Chief Shoup in an effort to find the bandits.

National Leader Speaks To NAACP

Leroy Carter Of New York Heard
By Large Crowd In Second
Baptist Church Sunday

Leroy Carter, assistant field secretary of the National Association for the Advancement of Colored People, addressed a well-attended mass meeting in the Second Baptist church Sunday evening.

Mr. Carter spoke from the topic, "Strength of Organization," and pointed out the fact that there are two types of organizations. Those that are organized for good and those that are organized for evil.

He stated that America needs higher types of men in the legislative halls of the country, men who are not motivated by petty prejudices. He stated that prejudices in Americans hampers the ability of the United States to keep the peace in the world.

Mr. Carter showed the need for a stronger NAACP in the postwar world.

Dr. G. W. Garnet, president of the local branch, introduced the speaker, and the Second Baptist choir sang several selections, with an instrumental solo by Barbara Weber.

After the address, Dr. James A. Gillespie, vice president of the Pennsylvania Department of the NAACP, made an appeal for members.

Postpone Sale Of Sampson St. Lots

West Siders Protest Plan To Sell
Lots To City Instead Of
Private Purchaser

Appearing before the county commissioners this morning, the West Side Civic Association protested the sale of 14 lots on Sampson street to the City of New Castle instead of to a private purchaser.

Today was set as the day for the formal sale of the property but after considering the matter the commissioners agreed to postpone any action until Wednesday, November 28. To this City Solicitor Robert M. White, representing the city agreed.

The protest arose as the result of a proposed sale of the property on Sampson street. The Lincoln Service and Supply Company of Latrobe had bid \$1400 for the 14 lots, intending to establish a truck terminal here.

Later the city raised the bid to \$2000 on the grounds that the property was needed for a tool house and also because the city has a lien against the property.

The West Side Civic Association argued that the property would better be sold to a private individual and thus restore it to the taxable lists and also bring a small industry here.

that the Pearl Harbor attack was developed in 1941 and was not a part of Japs prewar plans.

In the questioning of Inglis, Sen. Brewster, R., Maine, brought out that although the Japs originally estimated that they shot down 450 planes in the Pearl Harbor assault, they later revised this to 157 but never "publicly corrected" their original figure.

Inglis said the figure of 450 planes was an estimate shown in the diary of a Japanese ensign captured at Tarawa.

Later on the Japs became more conservative and cut down to 157, Inglis said.

The admiral also was asked by Rep. Cooper (D) Tenn. about one bit of testimony that two Jap reconnaissance sea planes from the enemy carrier force reached Pearl Harbor "one hour before the attack." Inglis said this statement

Junior Guild Charity Ball Annual Gala Event Saturday

Attended by more than 100 couples, the annual formal Charity Ball of the Junior Guild of Jameson Memorial hospital held Saturday evening at the New Castle Country club was a highly successful affair. Mrs. John McIlwraith was chairman and Mrs. Thomas J. Kelly, Jr., co-chairman, of the event. This was the first year for several years that the guild has sponsored a ball due to the war.

Decorations throughout the ballroom in a patriotic victory motif of red, white and blue, and over the large fireplaces flags of the United Nations — United States, China, Great Britain, and Russia formed a colorful background for the dancing. Wall sconces and window openings were appropriately decorated in patriotic colors.

In the balcony archways, blue shields studded with silver stars filled the archway openings and were lighted by spotlights. Around the balconies was draped wide satin hunting in red, white and blue. Additional clever features of the decorations were four screens, one for each of the four nations, with respectively appropriate motifs. Mrs. Paul G. Dinsley and her committee were in charge of decorations.

Between the hours of ten and three, guests danced to excellent music by a 12-piece orchestra and accompanying vocalist.

William E. Langan acted as master of ceremonies to announce the winners of prizes, who were Mrs. Charlotte Leischman and Alec McCready. The door prize, a live baby pig, went to Mrs. John W. Miller.

At a booth by the open fireplace on the balcony, Louis B. Round presided as chef. Hamburgers and coffee were served at tables decorated in red, white and blue, and lighted by candles.

Reception At Castleton Follows Wedding Ceremony

Impressive was the lovely fall wedding performed Sunday afternoon at 4:30 o'clock at Temple Israel which united in marriage Miss Naomi J. Conn, daughter of Mr. and Mrs. Jack Conn of 235 Fairmont avenue, and Morton S. Silverman, son of Mrs. Jennie Silverman of Pittsburgh.

Rabbi Norman Diamond of Chicago officiated at the candlelight ceremony, using the double ring service. The altar was embellished with palms, ferns and bouquets of white chrysanthemums, flanked by lighted white tapers in branched candelabras. An arch of mulberry leaves was over the altar where the young couple exchanged vows in the presence of a large gathering of friends and relatives.

Preceding the ceremony a half hour of nuptial organ music was played by Mrs. William L. Cosel and solo selections were by Mrs. Dorothy Gormley Smith, who sang "Beloved It Is Morn" and "I Love Thee".

The bride entered on the arm of her father to the strains of soft organ music. For her wedding the bride was lovely in a white tulle silk gown fashioned with fitted basque waist, sweetheart neckline and three-quarter length sleeves, trimmed with Duchess lace. The long, full skirt ended in a train. Her train-length veil of tulle fell from a flaring halo headpiece of Duchess lace, caught in the back with lilies of the valley. She carried a white Bible, marked with camellias and banyans.

Miss Bryna Mae Frank of Warren, O., maid of honor, wore a high-waisted gown of pink net with round yoke neckline and short puffed sleeves. She wore a matching halo hat of net and carried a bouquet of pink mums and banyans.

Forrest Raffel of Hollywood, Fla., served as best man. Ushers were:

H. Spiegelman, Stanley Rogeliner of Pittsburgh, Harry Miller, Peter Cohen and Jack Lebby.

Supplementing the congratulatory period at Temple Israel, a wedding dinner was served at The Castleton. Tables were arranged for 110 guests. Tables were extending from the smaller tables, extending from the bride's table. Pompons decorated the tables, and lighted candles flanked either side.

At 8:30 o'clock a reception was held at The Castleton for friends and relatives. Mr. and Mrs. Silverman and the bride's mother formed a receiving line to greet the guests, numbering several hundred. Many were in attendance from out of town. A long buffet refreshment table was centered with a four-tiered bride's cake and decorated with chrysanthemums and lighted white candles.

Mr. and Mrs. Silverman departed at 10:30 o'clock on a wedding trip to Florida. For traveling she wore a gray tweed ensemble with shoulder corsage of pink roses, and black accessories.

Mr. Silverman was graduated from Culver Military school and New York university, and prior to his Army duties was affiliated with the Leslie hotel. He received his discharge from the Army recently following four years service, and 39 months overseas. Mrs. Silverman, a graduate of the local high school, was affiliated with her father's dry cleaning establishment and was in charge of the Fish dry cleaning office, Mercer street. Future plans of the young couple upon their return from Florida are indefinite at the present time.

Since the announcement of her approaching marriage Mrs. Silverman has been feted at a series of lovely pre-nuptial shower parties, and she received a useful collection of gifts from her many friends and relatives.

ITALIAN METHODIST YOUTH GROUP MEETS

The Youth Fellowship of the Italian Methodist church, South Mill street, met Saturday evening in the church with the president, Lena Metta, in charge.

Following devotionals conducted by Esther Heins and Mary Caravaggio, Mrs. Sulmonetti led in prayer.

Plans were made for the Christmas meeting to be held on December 8 with Earl Sulmonetti entertaining the group. Gifts will be exchanged. Gifts will also be presented for the children's home at Sheldale, Pa.

A social hour followed the program.

REBEKAH CHAPTER TO HEAR CHAPLAIN

Members of the Rebekah Chapter of the First U. P. church will gather Tuesday evening at 8 o'clock in the assembly room of the church instead of at the home of Mrs. Lyle Hughes, as originally scheduled.

Chaplain Frank Black, who will be the speaker of the evening, will tell of his work in the capacity of chaplain with the armed forces.

This meeting is open to other women of the congregation as well as to the men of the church.

Hostesses for the evening include Mrs. Lyle Shields, Mrs. Harvey Bush, Mrs. J. H. Gillman, Mrs. Elsie Dickey and Mrs. W. C. Still.

Earnest Workers

The Earnest Workers class of the Bethany Lutheran church, East Washington street, was entertained Friday evening by Mrs. Thomas Rudey, Wildwood avenue.

Mrs. Louis Golder was in charge of devotionals, followed by the business meeting led by Mrs. George Campbell.

Special guests were Mrs. Ed Harris of Pleasant Gap, Pa. and Rev. Louis P. Golder.

The next meeting will be in the home of Mrs. Thelma Pankratz, Winslow avenue, on Friday, December 28.

Dinner At Cathedral Silver Wedding Anniversary Event

Mr. and Mrs. Alphonso Scarazzo of 216 Hazelrodt avenue were honored guests at an elaborate anniversary dinner program, held in observance of their twenty-fifth wedding anniversary Sunday evening at the Cathedral.

Upwards of 400 persons attended the dinner, showing the high esteem in which Mr. and Mrs. Scarazzo are held. Mr. Scarazzo, a well-known business man of New Castle, started in business early in his youth, and through his integrity and his sportsmanship of good will reached the goal which he and his charming wife are enjoying today.

Huge baskets of lovely fall flowers were received from well-wishers from out of town and in the city, and many cards extending congratulations were also received from friends and relatives.

The delicious full course spaghetti and chicken dinner was served at 6:45 o'clock, and the tables were nicely arranged, with fall flowers and silver accessories. Clever napkins with silver inscriptions "Adele Al. 1920-1945" marked each place. Rev. Fr. Nicholas Biondi of Charleroi gave the invocation, followed by the invocation.

During the course of the meal, salon music was provided by Larry Veri and his orchestra. James Scarazzo presided. Special selections were offered by Agnes Zaccchio, 12-year-old pianist from Ellwood City, who played Chopin's Fantasia and Debussy "Clair de Lune." She received a bouquet of lovely flowers afterwards.

Also on the program was Angelo Filigenzi Jr., nine-year-old violin prodigy who rendered Schubert's "Ave Maria," accompanied by Miss Zaccchio. They dedicated the Anniversary waltz to the honored couple. Ann Scarazzo, daughter of Mr. and Mrs. Alphonso Scarazzo, favored with "Romance" and other piano selections. The five-tiered wedding cake was cut by Mr. and Mrs. Scarazzo, and the orchestra played the selection, "I Love You True."

Varying from his customary legal duties, role was Judge John G. Lamore, toastmaster of the evening's program. President Judge W. Walter Braham as the first speaker extended felicitations and good wishes to the honored couple, and many happy future years. Rev. Fr. Biondi extended God's blessing upon the guests and best wishes.

A musical portion was enjoyed at this time by Miss Audrey Stark of Seton Hill college, and Ann Scarazzo, a student classmate at Seton Hill. Miss Stark sang two operatic selections accompanied by Miss Scarazzo at the piano. They received bouquets of flowers after the presentation.

Benny Wiser of Pittsburgh, as the next speaker, told of his acquaintance with Mr. Scarazzo and the following narrative invoked a few hearty laughs from the audience. He extended congratulations on behalf of his family.

A message was read from Rev. Fr. Nicholas DeMita, who was unable to be present, but extended his best wishes.

Alphonso Scarazzo responded graciously to his many friends assembled

Four Languages For Trial

The Nuernberg war crimes trial is to be conducted in four languages all at the same time. An elaborate mechanical system has been installed which will enable officials and other listeners to connect earphones to whatever translation they desire.

The arrangement probably is the best that now can be devised in view of the international aspect of the hearings. The selective hearing contrivance, no doubt, is another triumph of science. What effect the quadrilingualism of the proceedings will have on justice is another matter. The issues at Nuernberg go far beyond the guilt or innocence of the Nazi leaders on trial there.

War itself is on trial. If ever clarity and directness were needed it is before this tribunal, where legal precedents for all the nations of mankind may be expected to emerge.

A four-language court, under the most favorable conditions is bound to be hampered by its very nature. Translations mean delay and interpretation may lead to diversion and confusion of issues.

No common language is ready for the Nuernberg trial and it must proceed as planned. But a civilization advancing in science and education and with the will to peace must produce an acceptable one. Until a single medium of speech for international courts and conferences is evolved the cause of world understanding is bound to suffer.

Crowded Sleeping Cars

Instead of relaxing civilian railroad travel restrictions, the Office of Defense Transportation thinks it may be forced to move in the opposite direction. Faced by a critical shortage of Pullman cars for transcontinental hauling of returned soldiers, the Army has asked the Navy to join in a request for further curtailment of public travel in sleeping cars.

The hardest strain on the railroads, Army officials assert, is due next month. The movement from overseas is being accelerated at such a rate that troops now are being held up at Pacific coast staging areas forty-eight hours before they can get transportation to separation centers.

A civilian travel urge is complicating the picture. The public is jamming trains and there are protests against the 450-mile Pullman minimum. But an Army spokesman says the choice lies between allowing soldiers to accumulate in staging areas on the coast or inaugurating transcontinental movements for them in day coaches.

Day-coach troop transport across the country brought forth a storm of protest some months ago. The soldiers should have the sleepers until the demobilization peak is over, even if civilians do have to put up with stricter travel bans.

A point in connection with this is that railroad equipment, especially passenger transportation equipment, is still taking a beating. With few replacements available during the war, the equipment now in service will be rapidly replaced when factories begin to make new coaches on volume. Many thousands of men will be employed in their construction.

Saving Face

General Tomoyuki Yamashita, now on trial at Manila as a war criminal, has injected into the proceedings delaying tactics and red tape with which civilized nations are so familiar. He has appealed to the Philippine supreme court for a decision annulling the trial, his reasons being "somewhat technical."

There is no denial in his petition that crimes of a terrible nature were committed by troops under his command. There is too much evidence for a denial. To contend that the crimes were committed despite his efforts to conduct war on a civilized standard, if there could be such a thing, would be to deny that he had command of his troops, and that would be losing face.

In the bloody days before the Japs were bayoneted, bombed and shot out of Manila there were so many cases of atrocities that Yamashita would have heard of them had he been bereft of hearing. That implies that he could have stopped them had he desired to do so. And it also implies that his fate is sealed. He knows it and so is adopting the favorite trick of criminals, stalling for delay, hoping for a break.

Yamashita may not lose face with himself but it is almost a foregone conclusion that he will lose his life, which was forfeited when he let his soldiers turn fiends.

There Isn't Much Time

There isn't much time in which to conclude the Victory Loan and make it the great success we all wish it to become. But there is enough time for us to get down to business and put this final campaign over the top in a manner fitting to the public-spirited and patriotic citizens of Lawrence county.

The Victory Loan has the undivided attention and support of all our citizens. It does not matter if we are running ahead of the quota or behind. For us there can be no limit, or point at which we can say—well, that's that. We must continue to drive on until the final day with no thought of the money paid in for Victory Bonds.

Let us set for ourselves the task that was assigned to our boys. They kept on. Accomplishment of one objective only leads to another and harder, objective. They continued on and on until the final victory. This we must do in the Victory Loan. There is no alternative.

Then, too, the Victory Loan is needed to provide education, retraining and rehabilitation of our wounded now. There is a more personal side of course. The Victory Bonds, Series E, at maturity, for example, pay their owners back \$4 for every \$3 invested.

So put aside those plans to purchase unessentials. Instead buy Victory Bonds. They are essentials, essentials for our wounded and for our own futures.

To Check Reckless Walking

Compulsory pedestrian control is receiving more and more attention as a possible accident curb. Officials attending the annual conference of the American Association of Motor Vehicle Administrators strongly advocate such control, pointing to good results in a number of states and cities where it is in effect.

In Delaware a fine is imposed for crossing against lights and similar offenses, bringing about a decided decrease in pedestrian involvement in accidents.

Last year 9900 pedestrians were killed in traffic accidents, 41 per cent of all such fatalities, and this year the total is likely to be much larger.

Careful walking is as necessary to highway safety as careful driving. Motorists are punished for reckless driving—why not the reckless walker?

WASHINGTON CALLING by MARQUIS CHILDS

Battle On Merger Of Armed Forces Goes On

WASHINGTON, Nov. 19.—Now that General Eisenhower has testified in favor of unification of the armed services, the Navy produces Admiral Nimitz to testify against it. And so the battle goes on, with the big guns firing from each side.

It has its comic aspects, especially the skirmish between the joint chiefs of staff and assistant secretary of the Navy H. Struve Hensel, who has proved to be one of the most resourceful champions of the Navy's case against lumping all the military services in one department under one civilian head.

Never Completely Told

The story of that skirmish has never been completely told. It involves the issue of whether or not a civilian board should be created to survey military administration and determine whether a combine would be beneficial.

General George C. Marshall and General H. H. Arnold say they never agreed to such a board. Hensel, testifying before a senate committee, said they did. And promptly Secretary of War Robert P. Patterson declared that Hensel was "mistaken."

This is what actually happened. On September 15, the joint chiefs of staff, made up of Marshall, Arnold, Admiral Ernest J. King and Admiral William Leahy, did recommend a civilian board. The board was to consider the future of the new weapons that have revolutionized warfare—atomic energy, guided missiles, and so on.

Extremely Interesting

The document in which this recommendation is made is, incidentally, extremely interesting. It is a frank admission that what has come in here is so big that it has shattered all the concepts of warfare, necessitating an approach above and beyond anything within the scope of the professional military.

The recommendation was unanimously agreed to. Secretary of War James Forrestal, after it was submitted to him, turned it over to Assistant Secretary Hensel for consideration.

Hensel wrote a reply to the joint chiefs of staff in which he said that the navy department approved the idea of a board. But he went on to say it was the navy's view that the board, to be dominated by civilians or perhaps to be entirely composed of civilians with military consultants, should take in much more scope.

Requires Examination

It should consider, Hensel suggested, the problem of administration of the armed forces. While he did not use the word "unification," that was what, in effect, he was talking about. Within a few days a reply came back from the joint chiefs of staff which said:

"The joint chiefs of staff are of the opinion that the recommendation, as set forth in the draft letter originally proposing the board on some news, etc., is directed to a particular phase of the overall problem of national security, which, due to its unprecedented character and vast possibilities, requires immediate specific and exhaustive examination. They recognize the importance of the other phases of the problem suggested by the assistant secretary of the navy. However, they feel that these can best be determined later in the light of the board's report rendered under the joint chiefs of staff's recommendation. It would therefore appear unwise to increase the scope and complexity of the board's task at the outset and thereby risk seriously delaying consideration of the most pressing phase of the problem."

Allowing for the hovevers and whereas of government gobble-look, this said that the board should take up first the new techniques of mass death, and then later should proceed to the other questions raised in Hensel's letter. At least that is what Hensel read it, and it is why he testified that the chiefs of staff had unanimously recommended a civilian board that would cover unification.

Several fables were red in the war department when the correspondence with Hensel was examined in the light of his testimony. Apparently, no one had read his letter carefully. So the idea of a civilian board got a boost from a source stoutly opposed to any such plans, and the unification controversy boiled more furiously.

SELF-PITY

If yourself you think about
Every minute of the day,
Gloom and bitterness and doubt
Will follow with you stay.

If you fancy and suppose
Trouble comes to you alone,
You will find your shares of woes
To a fearful size has grown.

If with sadness on your face
Every hurt you want to air,
You can make out quite a case
Proving life to you unfair.

But if you'll yourself forget,
And keep busy through the day,
All the troubles you have met
Will pack up and slip away.

SERVICE

One of the most abused words in our business vocabulary is the word "Service."

Service means doing something for the other fellow without the expectation of personal gain.

It means doing just a bit more than is expected of us in business, on our job, in our daily family and social life.

It means doing all we agreed to do, and then some.

Service means being helpful to others without the expectation of a like reward.

Service—according to the dictionary—is a noun—the name of some tool or implement. But in every day usage it is in reality a verb because it connotes some action.

Service is what differentiates man from animal because it implies kindness and helpfulness.

RUSHING FOR SEAT IN STREET CAR

There is so much talk about street car etiquette or lack of it, that I decided to have my say on this score.

It is very pleasant, indeed, to have a seat in a street car, especially after an arduous day in school, in the shop in the office or after a long shopping spree.

At 5 o'clock everyone likes to relax comfortably with the newspaper. In fact, some street car riders are so incident upon getting a seat that they fight for the right to sit down. Among the leaders of this home-front battle are the young and healthy who have been stringing in school and the movies for several hours a day but who do not feel strong enough to hang onto a strap for 20 minutes to a half-hour on the way home.

Whatever is obtained dishonestly is not worth having. And this applies especially to a seat in a street car. It is a physical prowess alone—a sort of "survival of the fittest" who are better able to stand than the "unfittest" whom they have overpowered.

It is up to the youngsters to teach the oldsters manners by standing and letting the burdened and physically weak take a few seats now available in our overcrowded street cars.

Mothers, carrying babies, elderly people for whom trap-hauling is really an ordeal should be given first choice. If you are young and strong, thank your lucky stars for your health and vigor and don't use it to fight your way to a seat that a more deserving rider should have.

Present your problems to Miss Markel who will promptly mail replies to readers' inquiries stamped "I-addressed envelope."

Tomorrow—What of "Yes, Ma'am" and "No, Ma'am?"

TOYS FOR TODDLERS

The toddler need not be rich in order to have toys. He can have them in the poorest home, they are all around him.

He likes to fill and empty and carry things to and from a small basket, box, pan or pail. The pans and lids of the kitchen are also precious toys for the baby. The toddler likes to pull about cardboard boxes by a double string, to push objects found on the floor through a slit in the top of an empty coffee can. Pins are safer there than in his stomach.

Home-Made Toys

Any dad can make big blocks out of inexpensive wood, say two by four or four by four. Some of these blocks should be two or four times as long as wide, even longer. Mrs. Myers and I devised measurements for home-made blocks to be had in a self-addressed stamped envelope by addressing me at 235 East 45th street, New York, N. Y. Some small boards or blocks can have a hook in the end of one, and an eye in the end of another, for the child to fasten together in a train and be pulled with a string. It would be well if the lower front edges are smoothed off in order to slide better. Save the wrapping paper for him and he will learn to fasten all sort of things together crudely.

Big spoons or button molds can be got at a tailor shop for wheels on a big board or box. This box on wheels or castors may be good to keep his smaller playthings in. Out of such materials an older child can make a crude wagon for the toddler.

Food Containers

When food arrives in containers let the toddler move them around and place in all sorts of piles. Carefully open these food containers so the tot can have them afterwards. Also he likes to leaf through magazines and look at the pictures. As soon as he can handle snipped scissors he can cut out pictures from old magazines and paste them into another old magazine or in a cheap scrap book. You can make flour and water paste. Library paste is inexpensive.

A lead pencil is dangerous but the tot can have kindergarten crayons, first black ones and later colored ones, for but a few cents. Save the wrapping paper for him to draw and scribble on. The back of wall paper remnants also makes a fine surface.

Spoon Shovel

With a strong spoon he can have fun scratching in the earth or sand in the back yard. Out-of-doors or standing on a strong box or the kitchen sink, he can pour water into milk bottles. With a ten-cent box of checkers or dominoes he can have a deal of fun arranging him to fit them into the box. He may like to build with them and put them in rows.

Resourceful mothers see all sorts of ways to provide the tot with more useful playthings found in any home. Often the best education comes from playing with such simple things.

And then every mother and father can read to the toddler. If there is no library within reach from which to borrow pictured story books, there may be a Bible in the home. It is full of fascinating things for children to hear. No matter how many other books are available, the toddler should hear reading from the Bible, if for no other reason than because of its superb English.

The World and the Mud Puddles

LAST WORD IN SOMETHING

An interesting aftermath of the Hollywood movie strike is a demand from the official head of the striking union that the picture studio most involved in the dispute reimburse the strikers for injuries received at the hands of the police and for attorneys' fees and bail bonds.

This certainly is the height of something. If it were not so typical of the arrogance of some labor leaders it would be ludicrous. Here was a group of men with no grievance against the employer, inflicting loss and damage upon the employer and undertaking seriously to put him out of business. Because they disturbed the peace, committed wholesale assaults, overturned automobiles, violated court injunctions, the law was compelled to intervene. In the course of this intervention by reason of their resistance to the law several of the strikers were injured and a large number killed. Thus far they have had no punishment at the hands of the courts, although they deserve it just as any other lawbreakers.

Most citizens will agree that these rioters should have some reward for their "heroism" in intimidating and beating Americans trying to go to work. But the "reward" should be bestowed by the courts in accordance with the criminal code.

CHARLESTON, S. C.—Secretary of State James F. Byrnes. We can not play Santa Claus with the world, but we can make loans to governments whose credit is good, provided such governments will make changes in commercial policies which will make it possible for us to increase our trade with them.

WASHINGTON—Admiral Ernest J. King, chief of Naval Operations. I question whether the atomic bomb as it now exists can destroy a fleet properly disposed at sea.

BRUSSELS—Former Prime Minister Winston Churchill. I set no reason why, unless the guardianship of a world organization, they should make a United States of Europe which would ultimately unify the continent in a manner never known since the fall of the Roman empire.

PHILADELPHIA—Dr. Robert Oppenheimer, director of the atomic bomb test in New Mexico. By all the standards of the world we grew up in, it is an evil thing.

Controversy Wages Over Atomic Control
Truman And Congress Are Again At Odds
Headquarters For World League City Up

By HELEN ESSARY
(Central Press Contributor)

WASHINGTON, Nov. 17.—Storm clouds are forming around the atomic energy issue. To be written is a new chapter in the history, 150-year-old story of the struggle for power between the executive and legislative branches of the government.

The new showdown will be on whether the atomic control commission is set up in a way to give the president or Congress the heaviest voice in administering the nation's atomic policy.

The May-Johnson bill, though written by the war department, represents the "arm of Congress" philosophy, while the McMahon bill in the Senate would bring control closer to the executive branch by having the administrator appointed by the president and by having his advisory board composed of cabinet members, the latter of course being appointed also by the president.

Senator Joseph Ball, R., of Minnesota has a middle-of-the-road proposal which would create a nine-man atomic board with five cabinet members. Ball asks that the board make an annual report to Congress.

CAA In Quandry

Many municipalities throughout the nation are wondering what they will do when the Civil Aeronautics administration closes numerous airport traffic control towers which it has maintained throughout the war. The CAA has kept 103 such towers across the country, but shutdowns are expected to begin early next year.

Most cities lack funds to maintain the type of service provided by the government agency since 1942. Reopened Army and Navy operations from most airports will deprive the CAA of funds unless other means are provided.

The civil aviation legislation committee insists that funds be provided for the service in view of expected heavy increases in air traffic in the years ahead.

During a lull in the Labor-Management conference, Labor Secretary Lewis Schwellenbach, William H. Hatcher, president of the American Federation of Labor-Carpenters Union, and Mine Union Chief John L. Lewis drifted together for a friendly "chit-chat."

Schwellenbach asked Hatcher how things were in his trade. Fine, replied Big Bill, except that the carpenters can't get enough materials. The labor secretary promptly suggested that Hatcher get busy and return striking AFL lumber workers to their jobs.

Lewis wisecracked: "Schwellenbach, the next round of gay repartee with Lewis, however, Lewis blandly remarked that President Truman, in his stern opening warning to the labor peace pact, to find ways of averting strikes, was talking to 'everyone but me.' There is no coal mine not at work, the UMW chief smiled."

Schwellenbach winced at that one. Only last month he labored day and night for nearly two weeks trying to end a paralyzing coal strike. Lewis finally called it off when the conciliation parley seemed to be getting nowhere.

Midwestern cities still have time to put in their bids as headquarters sites for the United Nations organization, government officials say. It has been decided to make the league's headquarters somewhere in the United States, but so far no decision has been reached on just which city gets the nod.

Most likely bet is San Francisco where the charter was drafted. However, Philadelphia has raised its voice in its own behalf.

Here are the prime requirements for the city which will house the new world organization and its delegates from 51 nations, as outlined by diplomatic source.

Good climate opportunities in the surrounding countryside for recreation, restaurants, palatable food, scenery and a "cosmopolitan spirit."

Democrats Are Facing Problem

Naming Successor To Lawrence As Chairman For State To Be Difficult

OTHER NEWS OF STATE AFFAIRS

HARRISBURG, Nov. 19.—Several Capital Hill Democratic leaders have predicted that Pennsylvania's top-ranking Democratic chieftains will have a "difficult" assignment in choosing a successor for State Chairman David L. Lawrence. Lawrence mayor-elect of Pittsburgh, has announced that he will resign. He recently conferred with Pennsylvania's U. S. Sen. Joseph F. Guffey and Francis J. Myers at Washington about a new chairman, but would not disclose who was being considered.

There is no dearth of candidates for the post, however. Among those mentioned have been State Sen. Joseph M. Barr, of Pittsburgh, one of Lawrence's right-hand men. The 39-year-old legislator was elected to the upper chamber in 1940 and re-elected for a second four-year term last year. Michael F. Lawler, of Scranton, has been boomed by Lackawanna county Democrats for the state chairmanship. Lawler, a county commissioner, has been credited with guiding Mayor-elect James T. Hanlon to victory in the recent mayoralty election at Scranton. Another prominent Democrat mentioned for the post was Meredith Meyers, publisher of the Lewistown Sentinel, and former state chairman. Meyers headed the committee in 1940 and 1941.

The Pennsylvania Guild of Craftsmen has announced that a statewide exhibition of craftsmanship will be held at the Art Alliance at Philadelphia from April 15 to May 5, 1946. The exhibit will include woodwork, weaving, pottery, leatherwork, bookbinding, jewelry and metalwork. This marks the first attempt to assemble the best of Pennsylvania's contemporary handicraft products on a statewide basis for presentation in this state, a spokesman said.

Among the many exhibits depicting the activities of state departments which were displayed in the foyer and halls of the main capitol building this week was a "steerometer" designed to test the abilities of automobile drivers. The equipment, part of the revenue department exhibit, was part of a clinic used by the agency to assist the army and navy select drivers for mobile equipment during the war.

At least four senators who served in the upper chamber during the 1945 session of General Assembly will not be present when the legislature convenes in January, 1947. Sen. Wallace S. Gouley (D) Washington, has been named by President Truman to the Western Pennsylvania district U. S. Court. Sen. Franklin Spencer Edmonds (R) Montgomery, died October 29, and two other lawmakers were elected to county court bench seats in the November 6 election. Sen. John Freeman Cox (D) Allegheny, was named to the Allegheny county orphan's court and Sen. William I. Troutman (R) was elected to the Northumberland county common pleas bench.

Major Ray Garrigus Gets Service Award

HEADQUARTERS, Transportation Corps, Paris.—(Special)—Major Ray A. Garrigus, 37 Hileman apartment, New Castle, was awarded the bronze star medal on October 10, 1945, at Bremerhaven, Germany, by the commanding officer of the 708th railway grand division.

Major Garrigus received the award "for meritorious service in connection with military operations as car erection superintendent, and master car builder and mechanic, 708th railway grand division" from December 1, 1943, to May 8, 1945. The New Castle major designed a new type hand brake in record time, when American hand brakes were found unsuitable, which was accepted by British and American army military railway services.

Cheerleaders Plan 'Football' Dance

Football Queen From Senior Class Will Be Crowned By Se-Ca-Hi Team Tuesday

This year's "football queen" will be crowned at the football dance in the Senior high school gymnasium Tuesday evening.

Sponsored by the cheerleaders, the dance will feature a student orchestra, and will have the team's colors, red and black, as the color scheme for the decorations.

Two girls from the Senior B class and two from the Senior A's have been chosen as candidates for the honor of being "queen." The football team will make the final decision, and the girl who is chosen will be crowned by a member of the team. Candidates are: Pauline Minnick and Florence Quint of the Senior A class; and Maxine Boob and Valentine Columie of the Senior B class.

Cheerleaders arranging for the dance are: Betty Blewitt, Marjorie Maxwell, Phyllis Reid, Shirley Urbon, Betty Lutz, Carol Patterson, Jim Redman, George Morrow, Homer Miles, Russell Lewis, and Bill Showalter.

Vacation Shift At Westminster

NEW WILMINGTON, Nov. 19.—Westminster College's faculty voted to shift Christmas vacation period from December 15 to January 5 after receiving a petition of a majority of the student body asking for the change. Previously the vacation period was to begin Dec. 12 and last until January 3.

Students circulated the petition in order that those who are able might attend the Westminster game with St. Francis College in Madison Square Garden, Jan. 3.

13 Towns Are Cited In Pollution Program

HARRISBURG, Nov. 19.—Officials of 13 additional communities now have notices to appear before the state sanitary water board at its meeting November 21 for failure to file satisfactory reports of their progress in planning sewage treatment works.

The municipalities are: Whitehaven, St. Mary's Appleton, West Newton, Belle Vernon, North Belle Vernon, Charleroi, North Charleroi, Fayette City, Brownsville, California, Allentown and Speers.

A public meeting also was scheduled on the complaint of Punxsutawney water works against the Lee Hollow Coal Co. Clearfield, for alleged pollution of the public water supply.

SUCIU RAPE CHURCH WEDDING

Exchanging vows before a candle-lit altar in the Highland United Presbyterian church, Miss Minerva Suciu, daughter of Mr. and Mrs. John Suciu of 1107 East Washington street, and Robert Floyd Rape, son of Mr. and Mrs. Norman L. Rape, of Highland Heights, were united in marriage by Rev. D. L. Ferguson Saturday afternoon.

For the double-ring ceremony, the altar was banked with palms, ferns, and cathedral candles. Nuptial music was played by Mrs. J. L. Reed, organist of the church, while Miss Verice Maeremann sang several selections.

Dressed in a gown of sheer white crepe, and with a fitted bodice and high neckline, the bride was given in marriage by her father. Her veil and train were of tulle and net, with a wide lace edging, and her flowers were white chrysanthemums centered with an orchid.

As maid-of-honor, Miss Mary Lou Rape wore a gown of pink tulle with a dropped shoulder, and carried yellow chrysanthemums. Miss Eleanor Suciu, cousin of the bride, and Miss Leila Cole served as bridesmaids, one dressed in blue and the other in pink. Victor Suciu, brother of the bride, stood as best man, while the ushers were James Frazier and Eli Adams.

Dinner for about 35 members of the immediate family was served in the Coral room of the Castleton hotel, with a reception for 150 friends and relatives following. Aides for the reception were: Mrs. A. C. Forner, Mrs. Samuel Rohrer, Mrs. Vincent Rape, and Mrs. Terry Carson. The bride and groom received an attractive array of gifts at the reception, among which was a \$1000 war bond from the bride's father.

Leaving immediately after the reception, the young couple went to New York City by plane for their honeymoon. On their return they will reside on East Washington street.

Mrs. Rape is a graduate of New Castle high school, 1942, and of the New Castle hospital school of nursing, 1945. She plans to continue nursing after her return. Mr. Rape, also a New Castle high school graduate, is a draftsman at the Pennsylvania Engineering works.

Out-of-town guests at the wedding were: Mr. and Mrs. Eli Adams and S-Sgt. Eli Adams Jr. of Fort Wayne, Ind.

J. E. VanGORDER'S 50TH ANNIVERSARY

Mr. and Mrs. J. E. VanGorder of Line avenue, Ellwood City, are having "open house" Monday, November 26, at their home in honor of their golden wedding anniversary.

Friends and relatives will be received in the afternoon from 2 to 4 o'clock and in the evening from 7 to 10 o'clock.

Mrs. VanGorder is the former Harriet Morrison, who became the bride of Jacob VanGorder in her home at Camp Run November 26, 1895, with the Rev. J. L. Ralston officiating.

Mr. and Mrs. VanGorder are the parents of six children, all of whom are living. They include Mrs. William Brenneman, David and Raymond VanGorder, all of this city, Mrs. H. A. Leslie of Enon Valley, Mrs. William Ballard of Pittsburgh, and James E. VanGorder, who has just returned from overseas after serving for two years with the fifth air force.

LAUGHLIN DOUTT WEDDING IN SOUTH

Miss Gloria Irene Laughlin, daughter of Mrs. R. G. Clark, North Cedar street, this city, and Arthur E. Douth, Ph. M. 3-c, son of Arthur Douth, Crawford avenue, were united in marriage on the evening of November 11 at nine o'clock in the Colonial Avenue Methodist church, Norfolk, Va.

The single ring ceremony was performed by Rev. H. Hendricks at the close of the evening church service in the presence of the congregation.

The couple will reside at 534 West 28th street, Norfolk, Va.

Mrs. Douth is a graduate of New Castle high school, is employed by the Whelan Drug Co. in Norfolk.

RHEA DAVIS IS HONORED AGAIN

Mrs. J. F. Marston of 708 Ashland avenue was hostess Saturday evening to a group of friends at a delightful party in honor of Miss Rhea Davis, a bride-elect of Thanksgiving Day.

Trophies were awarded to Mrs. Jerry McCarthy and Mrs. Robert Houk for bridge, which was the main diversion of the evening.

After Miss Davis opened her beautiful gifts of a miscellaneous nature, dainty refreshments were served by the hostess, aided by Misses Joan and Charlene Boyles.

Mrs. Davis, niece of Mr. and Mrs. M. J. Scanlon of 16 West Cherry street, will become the bride of Raymond McAuley, son of Mrs. James B. McAuley of Pittsburgh, formerly of New Castle, Thanksgiving morning at 10 o'clock in St. Margaret's church.

Ann Judson Circle Meeting

Ann Judson Circle of the First Baptist church met at the home of Miss Mabelle Schunk, 508 East Leasure avenue, Friday evening, with Mrs. Doris Williamson leading the devotions.

On the evening's program were a story, "Maggie's Girl," by Mrs. Polly Reese; life of C. T. Studd, Mrs. Opal Corbett, and "Fun and Festival From Africa" by Mrs. Virginia Weatherby. Following the business, African games were played and refreshments were served by the hostess with Catherine Bridenbaugh and Mrs. Rudy Schunk as co-hostesses.

The next meeting will be a twelve dinner at the home of Mrs. Sara McKee, 2309 Highland avenue, at 6:30 Friday evening, December 14.

K.P.G. Club

The K.P.G. club will meet tonight in the McGoun hall, East Washington street. The business meeting will be followed by a social time.

LOCAL COUPLE WED FIFTY-SEVEN YEARS

Mr. and Mrs. Charles E. Dungan, of 419 Newell avenue, will celebrate their fifty-seventh wedding anniversary on Thanksgiving Day, November 22. They will celebrate the occasion, which is also Mr. Dungan's eighty-second birthday, quietly at the home of their daughter, Mrs. J. O. Dickson, of Edenburg, R. D. 1.

Mr. and Mrs. Dungan were married at Martin's Ferry, O., on November 22, 1888.

The couple have eight children, all living, of whom four are in New Castle and vicinity and four in other places. Their children here are Mrs. H. E. Alexander, Mrs. Ralph Scowden, Mrs. Dickson, and Harvey Dungan.

One daughter, Mrs. E. F. Rhodes, lives in Los Angeles, Calif. Three sons away are Set Charles Dungan, in Japan with the U. S. Army, Ralph Dungan, of Barbenton, O., and Herbert Dungan, of Carbon.

There are nine grandchildren and five great-grandchildren.

FIRST BAPTIST CLASS HAS MEETING

The First Baptist Dependable Sunday school class met Friday evening in the church with Mrs. Ina Gordon, teacher, in charge.

The meeting was presided over by Peggy Ziegler, class president, with appropriate devotions led by June Peebles, followed by a Bible reading by Helen Clement, prayer by Mildred Mills, recitation by Peggy Vogan, recitation by Luella Cooper, and a recitation on "What Thanksgiving Means" by Jean Johnson, Charlotte Miles and Peggy Ziegler.

During the business meeting the following officers were elected: president, Peggy Ziegler; vice president, Peggy Vogan; secretary, Jean Johnson; treasurer, Luella Cooper.

Refreshments were served at the close by Jean Johnson and Louise Ward, assisted by Mrs. Gordon, at tables cleverly decorated by miniature pilgrims, painted by Louise Ward.

The Christmas meeting will be held in the home of Mrs. Ina Gordon, the teacher, 934 Marshall avenue.

Augusta Slater Lodge

The Augusta Slater lodge, B. R. T., held its regular monthly meeting Friday evening in the Y. W. C. A.

At a business meeting election of officers was held at which time the following were elected: president, Mrs. Eva Nicholson, vice president, Mrs. Jennie Valley, secretary, Mrs. Mary Kennedy, treasurer, Mrs. Mary Schooley, chaplain, Mrs. Gertrude Calderwood, delegate, Mrs. Gertrude Calderwood, alternate, Mrs. Mary Schooley.

The next meeting will be on December 21 at which time an installation of officers will take place.

Berean Class Bows

Berean class of the First Presbyterian church journeyed to Slippery Rock on a recent evening when members enjoyed an evening of bowling at the Hut. Thirty-five took part.

Prize winners were Claude Jenkins and Mr. Arthur Guy.

Refreshments were served by the officers of the class, Mr. and Mrs. Gordon Jenkins, Mr. and Mrs. Melvin Smith, Mr. and Mrs. Carolyn Ferry, and Mr. and Mrs. Calvin Raley.

Friendship Club

The Friendship Club will meet Tuesday evening at the home of Mrs. Joseph Colao, 136 Fairmont avenue instead of Wednesday evening as originally planned.

**KISON SCHWERIN
CEREMONY SATURDAY**

On Saturday afternoon, November 17, at 5 o'clock in Highland U. P. church, Dr. D. L. Ferguson performed a double ring ceremony which united in marriage Betty Jane Kison, daughter of Mrs. Joseph Kison, 215 East Lincoln avenue, and Charles H. Schwerin, son of Mr. and Mrs. H. W. Schwerin of Pittsburgh.

The bride wore a black and white wool suit with black accessories and a shoulder spray of gardenias. Following the ceremony a small reception of the couple's closest friends was held at the Kison home, after which Mr. and Mrs. Schwerin left for an eastern trip. Upon their return they will temporarily make their home with the bride's mother.

Mr. and Mrs. H. W. Schwerin of Pittsburgh were out of town guests.

Tigers Auxiliary
Members of the Tigers auxiliary will meet this evening in the home of Mrs. John DeSanti, 803 East Linton street. Hostesses are Mrs. John DeSanti, Mrs. Ernest Gillett and Mrs. Anthony Croach.

New Auto Prices For Some Cars Are Announced

O. P. A. Presents Ceiling
Prices For Some Makes—
Increases Are Per-
mitted

By EARLE MARCKES
(N. S. Staff Correspondent)

WASHINGTON, Nov. 19.—Retail prices for new passenger automobiles were on display today as the OPA permitted increases of one to nine per cent above January, 1942, levels for Ford, Chrysler and Studebaker cars and a 2.5 per cent reduction for General Motors.

OPA Chief Chester Bowles predicted that retail ceilings for 1946 models will average at about January, 1942, levels. He added, however, that adjustments for changes in design and engineering may necessitate some upward revisions.

Ford prices will be raised two per cent, Studebaker nine percent and Chrysler, which produces the Plymouth, Dodge, DeSoto and Chrysler cars, one per cent.

To Give Other Prices Soon
Bowles said that Packard and Hudson prices will be announced shortly. Ceilings for Nash cars have been delayed, he added, while several other manufacturers, including Kaiser-Fraser, Crosley and Willys, "are still some distance from beginning production."

Factory prices, apart from specification changes, Bowles stated, will be increased "on the average less than three and one-half percent." It will not be passed on to the public.

The announcement of the new car prices aroused speculation as to whether automobile production will now get into full swing within the near future. Beset with labor difficulties, the industry produced only 19,136 cars between July 1 and October 31.

The Civilian Production Administration, however, has estimated that output by June, 1946, will be 500,000 cars per month, or 45 per cent above the 1941 rate and double the monthly production of 1939.

Prices Given

Ford and Studebaker retail prices, the only ceilings announced, are:

Ford:
Deluxe Eight—
3-Passenger Coupe\$834
Tudor Sedan 832
Fordor Sedan 931

Super Deluxe Eight—
3-Passenger Coupe\$891
Tudor Sedan 940
Fordor Sedan 989
Sedan Coupe 977

Retail ceiling prices for some items of optional equipment, which may be added to retail car ceilings when optional equipment is supplied, are as follows: bumper center guard front (super deluxe), \$6.50; bumper end guards (super deluxe), \$6.00; electric clock (deluxe), \$9.75; clock (super deluxe), \$5.75; fender skirts (pair), \$14.50; heater-defroster, \$23.50; oil filter, \$6.00; radio, \$45.00; wheel rings, \$7.75; 100-horsepower engine, \$25.00.

Studebaker:
4-Door Cruising Sedan\$967
2-Door Club Sedan 918
6-Pass. Double Dater Coupe 916
3-Pass. Business Coupe 875

Optional equipment includes: over-drive and free wheeling, \$52.55; hill holder, \$8.50; leather upholstery, coupes, \$16.35; sedans, \$28.05; wet type air cleaner, \$3.00; six-blade fan, \$1.75.

The ceilings do not include excise taxes, transportation or preparation and handling charges.

Brief Vacation At Westminster On Thanksgiving

NEW WILMINGTON, Nov. 19.—Thanksgiving vacation at Westminster College has been limited to a half day Thursday with no classes scheduled in the afternoon.

Plans for the day include a formal dinner, a program in the college chapel, and dancing in Hillside. Senate women's governing body, has charge of the program and dancing.

The daily cost of farm fires in the U. S. totals about a quarter of a million dollars.

State Plans For Snow Removal On Large Scale

HARRISBURG, Nov. 19.—Snow removal and clearing are the major activities of the Pennsylvania Department of Highways during the winter months. Secretary John U. Shroyer said in announcing he had inaugurated the most rigid and most efficient snow removal program in the history of the Highway department.

This year the department will be responsible for removing snow from 20,200 miles of primary and secondary roads, and after these have been taken care of the non-programmed roads will be cleared.

In an effort to better marshal the snow-fighting forces, Secretary Shroyer visited the district engineers, conferring with them on details of what to do when Old Man Winter strikes in all his 1941-45 severity. This winter battle alignment, which has been worked out and put into theory by field forces in order that they may be better acquainted with the new methods when the snow begins to fall and blustery winds and freezing temperatures descend, have been set up.

Better Prospects This Year For Thanksgiving Dinner

Yep, you can get it this Thanksgiving, or at least you can get most of it. And for what you can't get, you can find substitutes that will be entirely adequate, according to Mrs. Viola Sadler, home economics instructor at the Senior High school.

Turkeys, Cranberries, Both

Turkeys seem to be plentiful so far, she reports, and in contrast to last year's scarcity, cranberries are here in quantities. Potatoes and all of the Thanksgiving vegetables such as onions, rutabagas, and squashes can be obtained. Nuts are plentiful, and the white raisins which are dried in bunches are making their first appearance in several years.

Needless to say, the point-free canned goods will make many dinners a little easier to plan this year. Pumpkin, both canned and fresh, is plentiful, but unfortunately sugar is not. Eggs are also on the sad side of the ledger this year, with prices climbing higher.

Molasses Is Sweet Too

Neither the eggs nor the sugar are needed for many Thanksgiving desserts, however, Mrs. Sadler says consolingly. Steamed puddings of any sort are delicious with molasses or corn syrup for sweetening, and rates are much less expensive than they were last year.

Minicemeat can be found either dried or canned in almost every store and is probably just as inexpensive as homemade minicemeat, which has to be made ahead of time. If the dried mixture is too strong, apples—they're scarce but you need just a few—can be chopped into the minicemeat.

Girls in the home economics course at high school are planning to serve the faculty of the school

NEWS OF MEN AND WOMEN IN U. S. SERVICE

Surprise Strike Of Tugboat Men At Philadelphia

PHILADELPHIA, Nov. 19.—(INS)—A surprise strike of 750 tugboat workers—second within two months—crippled shipping in the port of Philadelphia today, stranding six vessels in midstream.

Most of the strikers remained on the waterfront, but they were reluctant to give reasons for their action. The district office of the United Mine Workers, however, promised a statement.

Last Wednesday, the Union filed a request for a strike vote with the National Labor Relations board. Union officials at the time blamed the move on alleged NLRB delay in ordering an election to determine a bargaining agent.

The UMW union had filed a petition for certification which the CIO Maritime union contested.

The six vessels which were forced to drop anchor in midstream included the SS Palmetta, which carried 12 passengers.

Westminster Fund Boosted To \$2750

NEW WILMINGTON, Nov. 19.—Proceeds of \$215 from the Panhellenic dance have been turned over to the Student Union Memorial fund at Westminster College to push the total up to \$2750.

Other organizations have arranged to sponsor campus affairs with proceeds going to the fund. A goal of \$6,000 has been set for the student drive, under the sponsorship of the Holcad and Student Council.

Birds on battlefields are less upset by shellfire than men.

S-Sgt. Michael N. Joseph, 1511 Hamilton street is currently serving with the 43rd Evacuation Company, according to word received from Calcutta, India.

From Fort Dix, N. J., comes word that T-5 Huldegarde Wilson, 424 Pittsburgh Circle, Ellwood City, has been discharged from the WAC.

Major George R. Cunningham, Old Plank road, has been placed on terminal leave from the army and at the end of the leave, he will return to an inactive status in the army.

Two New Castle officers, Capt. Edward D. Fritz, 222 Fairmont avenue, 1st Lt. James Borodits, 372 East Washington street, and one Ellwood man, 1st Lt. Robert C. Streeter, 702 Plymouth Lane, have been honorably discharged from the army at Indiantown Gap.

The list of New Castle soldiers discharged from the army at Indiantown Gap include: T-Sgt. Louis Koldziel, Morris street, R. D. 4; Pfc. William J. Semler, 802 Highland avenue; S-Sgt. Carl Stenbal, 2 Northview avenue; T-Sgt. James E. VanGorder, 222 East Sheridan avenue; Cpl. Joseph A. Mellitrot, 719 South Mill street; Sgt. Andrew T. Picuta, 205 West Wabash avenue; T-4 Frank C. Pfc. Albert Scarnati, Shadyside, writes home that he has been transferred to Leyte, Philippine Islands.

SURVEY HOSPITALS

HARRISBURG, Nov. 19.—(INS)—A survey of military hospitals in Pennsylvania was being conducted today by the State American Legion to determine the Christmas gift goal for 1945.

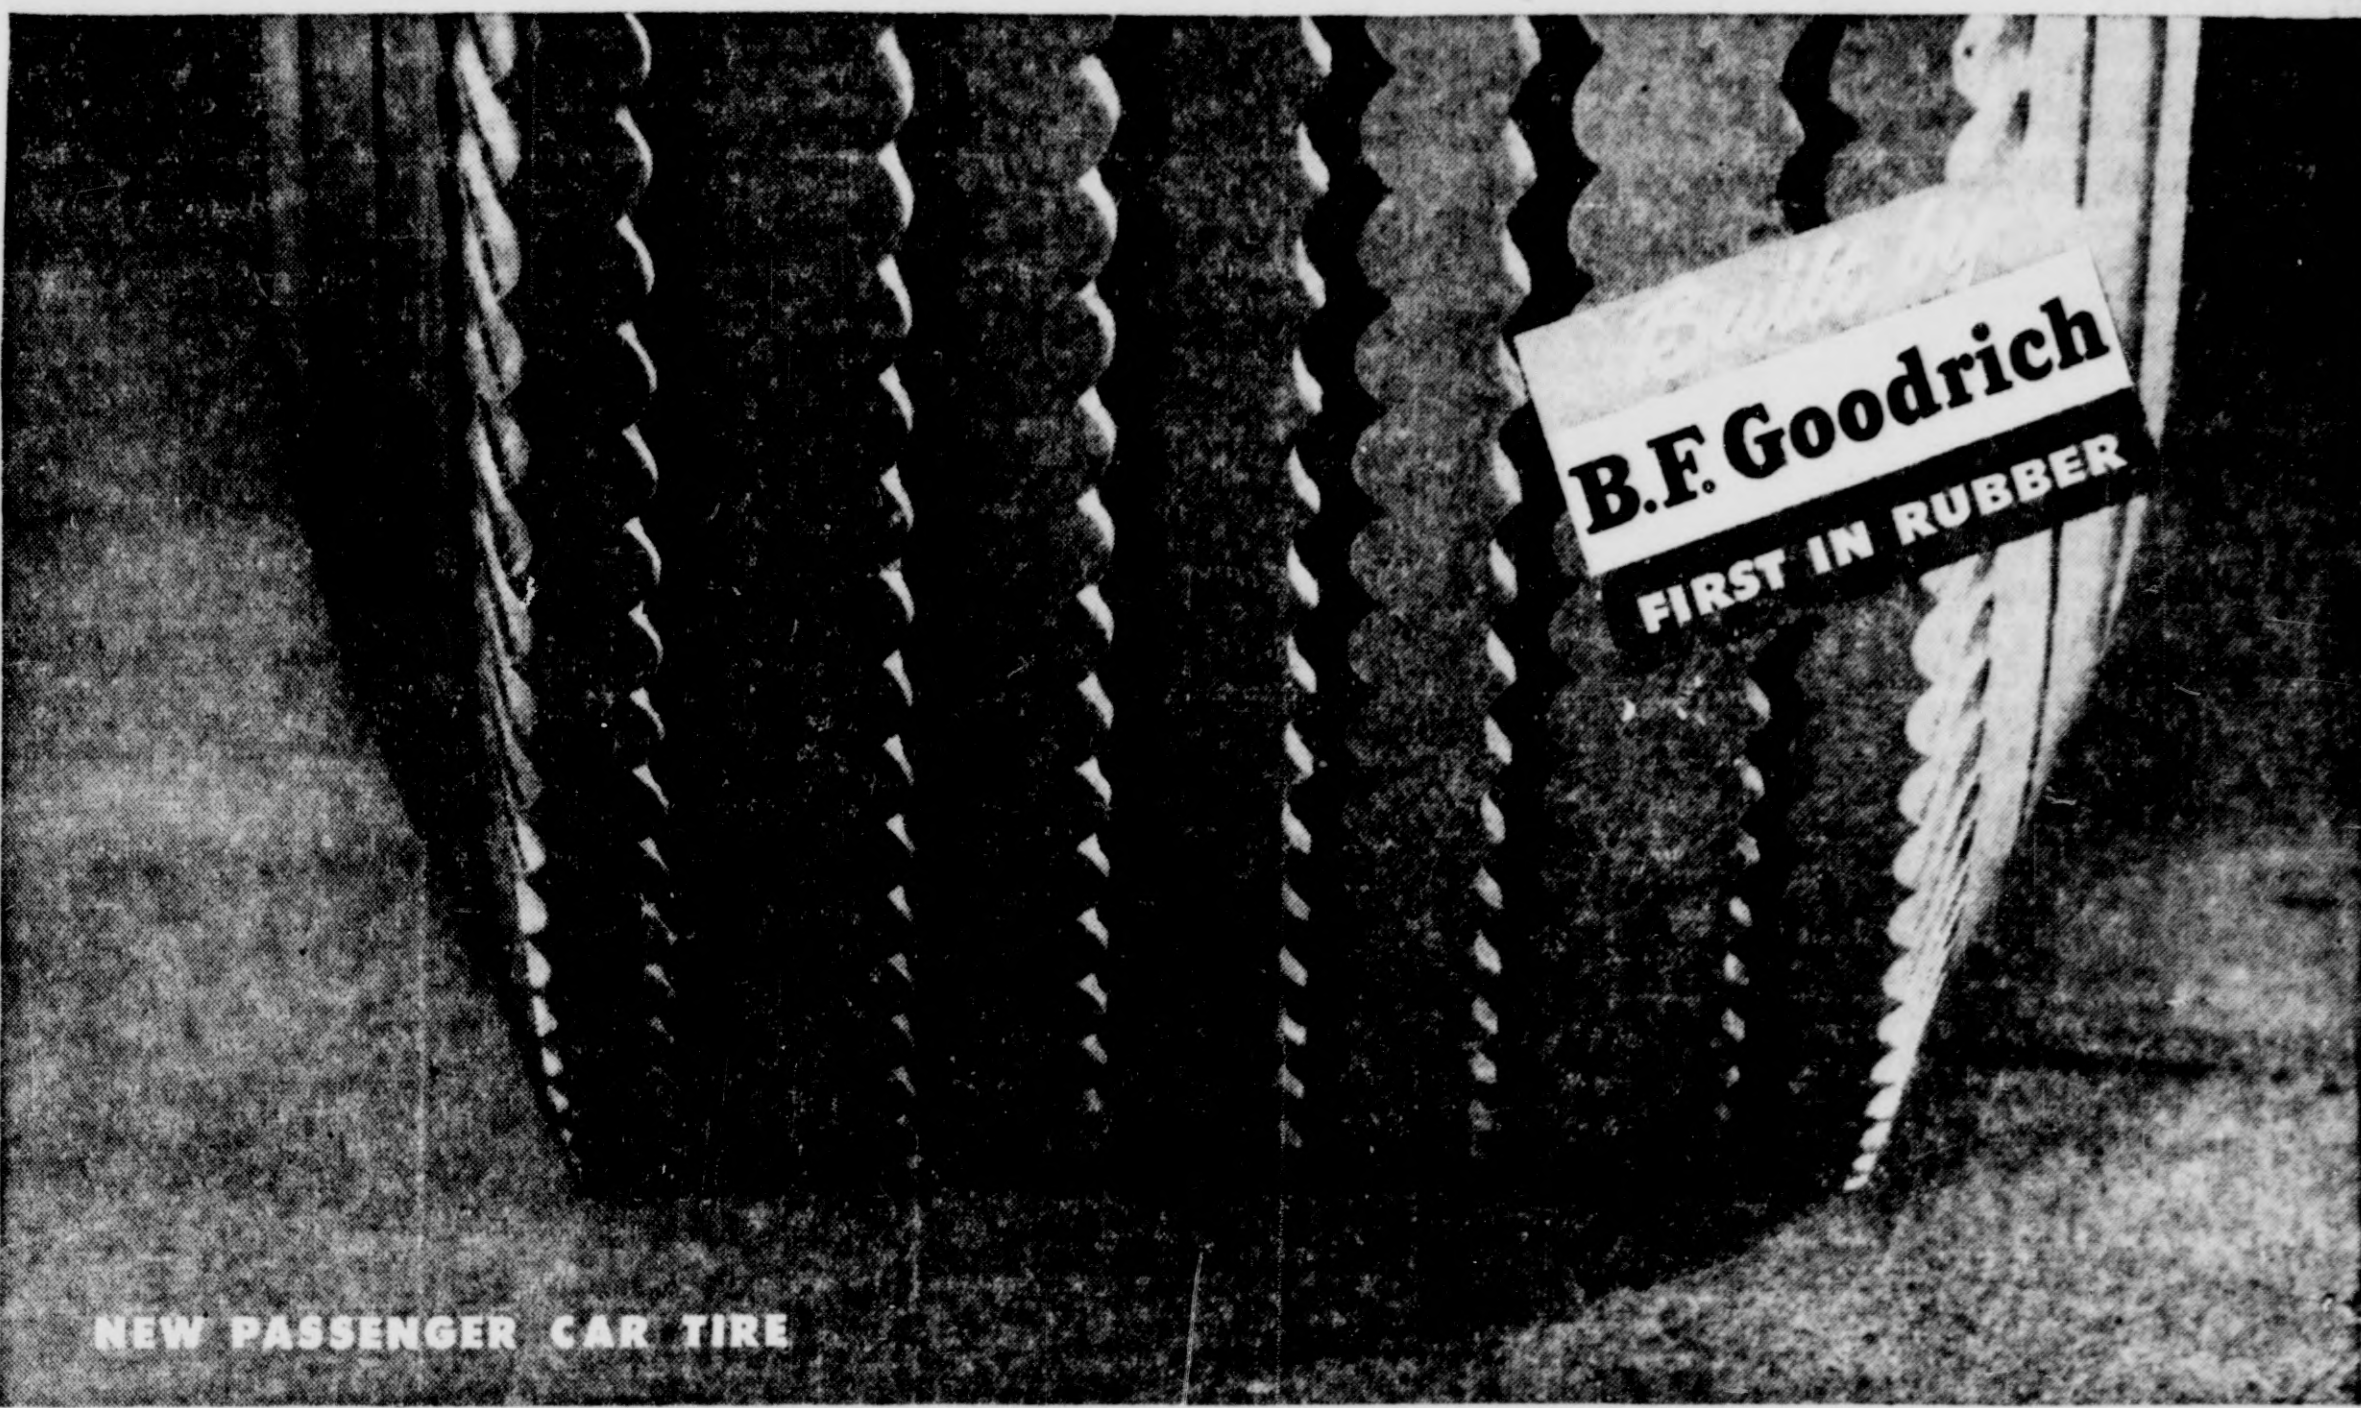

State Adjutant Edward A. Linsky, of Harrisburg, estimated at least 100,000 presents would be needed to guarantee one each for hospitalized veterans.

Pennsylvania led the nation last year in distributing more than 85,000 gifts, he reported.

UPSET STOMACHS YIELD INCHES OF GAS AND BLOAT

"I was so full of gas I was afraid I'd burst. Sour, bitter substance rose up in my throat from my upset stomach after meals. I got ERB-HELP, and it worked inches of gas and bloat from me. Waist-line is way down now. Meals are a pleasure. I praise ERB-HELP to the sky."—This is an actual testimonial from a man living right here in New Castle.

ERB-HELP is the new formula containing medicinal juices from 12 Great Herbs; these herbs cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering—get ERB-HELP. Sold by All Drug Stores here in New Castle.

COMING SOON: A SYNTHETIC TIRE THAT OUTWEARS PREWAR TIRES!

This isn't a guess. It's been proved! More than 2000 tests and nearly 17,000,000 miles of the toughest kind of actual road service show that this new B. F. Goodrich Silvertown will outwear prewar natural rubber tires.

New, better rubber

B. F. Goodrich has developed a rubber that's far better than ordinary synthetics...so much better that for months it was a strictly guarded military secret. The new Silvertown made with this rubber wears

better and runs cooler. It has greater resistance to cracking—and actually stands bruising and damage from accidents better.

Tire body 35% stronger

An entirely new, stronger cord is used, and more of these cords are used in the top ply. An extra shock-absorbing breaker strip was included. The result: a body 35% stronger for additional resistance to bruises, extra blowout protection...another reason why new B. F. Goodrich Silvertowns outwear prewar tires.

Flatter tread covers more ground

The new Silvertown has a wider, flatter tread. We call it the "road level" tread. It puts more rubber on the road; permits all the tread to share the wear. Result: a further increase in mileage, less scuffing, better distribution of weight, better traction, more safety on the turns.

3 years' EXTRA experience!

18 months before Pearl Harbor, B. F. Goodrich offered tires containing synthetic rubber to American motorists. That

was 3 years ahead of any other tire manufacturer...3 years in which B. F. Goodrich was piling up the extra know-how that is reflected in the coming B. F. Goodrich Silvertown. Soon these new tires will begin to be produced in large volume for shipment to our dealers, but supplies may be limited for quite a while. So take good care of the tires you have—and in the meantime if you have any kind of tire problems, see your nearest B. F. Goodrich dealer. The B. F. Goodrich Co., Akron, O.

Rural Patrons Asked To Affix Stamps To Mail

Carriers Not Obligated To Take
Care Of Purchase Of Stamps
For Patrons, Hanna States

Patrons on the rural routes out of New Castle are asked by Postmaster Hanna to see that all first and third class mail has stamps affixed when deposited in the mail boxes for collection.

Request has been made by the postmaster general to see that this matter is brought to the attention of all rural patrons in order to facilitate collection and dispatch of mail.

Carriers lose a great deal of time fishing change out of the boxes and then have to buy the stamps at the post office and place them on the mail matter, thus losing much time.

Didn't Find Fire Bureau But Found Police Department

Four youths of Girard, O., in an auto Saturday night, drove into a Leasure avenue driveway and when the residence occupant asked "What are you doing here and what do you want?" they replied:

"The fire department."

The car was driven away but again driven back and the occupants were again annoyed, after which the car was driven away.

The occupant telephoned police. Detective Thomas Lynch and Cruiser Car Operator George Rigby were assigned to the investigation, located the car and youths at East Wallace avenue and instead of the youths "finding the fire department" but were discharged by Acting Mayor Albert Hoyland following a reprimand in police court Sunday morning.

They gave the names of James Ceteras, Harry Holmerman, Wendell Fry and Ted Klotzke.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends cecchwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to fill you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Judge Phillips Will Be Speaker

Youngstown Jurist To Make Ad-
dress At Golden Jubilee Pro-
gram Saturday Night

Judge Elmer Phillips of Youngstown, will be the principal speaker at the "Nelson Lawen" or "Happy Night" which will inaugurate the Golden Jubilee of the First Congregational church, Saturday night, November 24. It was announced today. The "Nelson Lawen," which is a combination of singing, speaking and sociability will be held in the church on East Reynolds street.

The chairman for this opening event will be Henry T. Jones of New Castle who is the president of the International Gymnasia Genu Association. Several impromptu addresses will be heard in addition to Judge Phillips' address.

Sunday, November 25 will be the Golden Jubilee day for the church. Three services will be held, opening with the Golden Jubilee sermon in the morning at eleven o'clock, with the pastor, Rev. Thomas J. Jones delivering the sermon.

In the afternoon there will be a musical service, much on the order of a Gymnasia Genu at which Ivor V. Davis will be the chairman. In the evening another service will be held, largely musical, at which City Councilman D. O. Davies will be the chairman. Councilman Davies is also the general chairman of the two day observation of the organization of the church fifty years ago.

Recognition At Mahoning U. P.

Special Program Is Presented In
Teacher Training Graduation
Exercises On Sunday

A special teacher training class recognition service was held at the Mahoning U. P. church in Pulaski district of the County Sunday School Association Sunday morning, November 18, at 10:30. The teacher of the class is George R. Allen, and one of the six graduates, Doris Meehan, was not able to be present. Remarks were made by the other five as follows:

History of the class, Laura Thompson; the Chosen Family, Mary Munn; the Early Life of Christ, Beatrice Lenhardt; the Ministry of Jesus, Ruth Baird; and the Twelve Appearances of Jesus by Mary E. Steese.

Remarks were made by the supply minister, Prof. Wayne Christy of Westminster college.

Presentation of the class to receive diplomas, Supt. Clyde Moore.

The diplomas were presented by County Sunday School President Robert M. Strickler, Jr., who congratulated the teacher of the class, Mr. Allen, on the outstanding work he had done as shown by the special messages that were given by the members of the graduating class.

Report Hat Of Missing Man Has Been Found

Through discovery of a hat by Mrs. E. C. Welkenbach, 1431 West Washington street, Sunday afternoon, police authorities hoped to find further trace of Ralph Sankey, aged 70, of 457 1/2 East Washington street, missing since October 28. Discovery of the hat was the first clue found as to where he may have been; or is since he left home three weeks ago.

The woman reported discovering the hat near the driveway to her residence which is near West Washington street extension and Miller avenue.

Patterson Sankey, 1330 East Washington street, identified the hat as that of his father when he examined it Sunday. The hat, he reported, had been purchased about a year ago.

Mr. Sankey formerly was a coal miner but due to injuries had not been working regularly before he disappeared.

After his disappearance the fact was reported to the city police department. Publication of a story Saturday led to the discovery hat being reported to authorities.

Frank J. Len Back After Long Service In Army Overseas

After 40 months service with the U. S. army, Frank J. Len, local businessman, has returned to his store. Corporal Len was with the fifth army in combat zones overseas and was stationed mostly in Africa and Italy.

Mr. Len is amazed at the change in business conditions since he left New Castle nearly four years ago. At that time merchandise was available in large quantities but today he finds his stocks greatly diminished and has been informed that some lines of merchandise will not be available until after January 1.

"It is just like starting all over again when you are back in civilian life," says Mr. Len. Nevertheless he appreciates being back in his home town again meeting and greeting his host of friends.

Major Sedwick Leaves Annex

Major Jack D. Sedwick who has commanded the Deshon General Hospital Annex in Cunningham Park since last January, has left the Annex and been called back to the General Hospital in Butler, where it is expected he will be placed on inactive status within a short time.

Until the Annex is closed, Capt. J. Kenneth Vanderhoff is in command and will supervise the final closing, which will take place within about 10 days, it is expected.

Minister Attacks Philadelphia Play

PHILADELPHIA, Nov. 19.—(INS)—"Strange Fruit," the stage play from the book of the same name which Bostonians were not permitted to buy, was condemned today by a minister seeking to close its run in Philadelphia.

The Rev. Melvin M. Forney, general secretary of the Lord's Day Alliance, told his congregation that "Philadelphia has sunk to a new low in this presentation."

Declaring he would ask Mayor Bernard Samuel to halt performances, he charged the play was a direct attack on the evangelical church.

"I hope that an aroused Christian conscience will drive this show out of Philadelphia this week," he declared.

Heart Attack Takes Renowned Luke Lea

NASHVILLE, Tenn., Nov. 19.—(INS)—Funeral services were being arranged today for Luke Lea, 66, former U. S. senator and newspaper publisher who died of a heart attack last night in a Nashville hospital.

Lea became renowned after the First World War when he led a daring group in an attempt to capture exiled Kaiser Wilhelm and return him to the Allies for trial. He was a colonel during World War I.

For nearly 20 years Lea was a powerful figure in Tennessee politics.

In 1911 he was elected to the United States Senate but failed to win re-election to the post in 1913.

Lincoln Made Famous Address At Gettysburg Dedication 82 Years Ago

By JAMES H. SMITH
(N. S. Staff Correspondent)

GETTYSBURG, Pa., Nov. 19.—Eighty-two years ago today Abraham Lincoln, heavily burdened by the cares of the Civil War, journeyed to Gettysburg to make what became one of the most historic speeches in America's history.

It was just four months and 16 days after Union forces under Gen. George G. Meade turned back the high tide of the Confederate invasion at Gettysburg that the great emancipator traveled from Washington to dedicate the national cemetery on the bloody battlefield in Pennsylvania's Blue Ridge mountains.

Although Lincoln's 267-word address delivered in three minutes did not gain nationwide recognition at the time, historians today claim it contains one of the best descriptions of the basic philosophy of democracy that has ever been written.

Orator Speaks Hour and Half
On the same program was Edward Everett, the "golden voiced orator," who spoke for more than an hour and a half.

One of the few people to sense that Lincoln's words one day would be treasured as Mary Shaw Leander, pioneer girl reporter, who had trudged 15 miles to cover the ceremony for the Hanover Spectator.

She reported it word for word from the lips of the president and assured her readers that it was "a remarkable speech."

In November, 1941, the townsfolk of Hanover erected a granite monument in Mr. Olivet cemetery over the grave of the girl who helped record the speech for posterity.

The entire battlefield covers 25 square miles, but the Gettysburg National Military Park embraces only 2,427 acres of land. The national cemetery at Gettysburg covers 15½ acres.

More than 163,000 Union and Confederate troops participated in the three-day battle which began July 1, 1863. Casualties totaled 51,112 including 3664 dead.

Eighteen states were represented in the Union army at Gettysburg while soldiers from 12 Southern states fought there under banners of the Confederacy.

In 1895, the battlefield of Gettysburg was made a national military park by act of Congress. Since 1933 the park has been administered by the U. S. Interior Department's National Park Service.

Twenty-six miles of paved highways wind through the park which is dotted with more than 2000 monuments and markers.

Mrs. Eisenhower Given Penicillin

Wife Of General Is Being Treated For Pneumonia At Iowa Hospital

BOONE, Ia., Nov. 19.—(INS)—The illness of Mrs. Dwight D. Eisenhower, stricken by bronchial pneumonia, was not expected today to prevent the attendance of the general at the National American Legion convention in Chicago.

Maj. Gen. Howard Snyder of the Army Medical Corps, Washington, D. C., said after a consultation with Dr. A. B. Deering at the Boone hospital, where Mrs. Eisenhower was taken.

Mrs. Eisenhower is responding to treatment, is taking nourishment fairly well and is comparatively comfortable. Her condition is very satisfactory.

Gen. Snyder, a friend of the Eisenhower family, flew to Boone from Washington late yesterday after learning of Mrs. Eisenhower's illness.

Caught in Early Stages
Dr. Deering said that while the attack involved both lungs, it fortunately was caught in its early stages. He felt, he said, that the use of penicillin, which was begun at once, should keep the disease under control.

Gen. Eisenhower plans to leave Boone for Chicago at 10:45 tonight. He will receive the American Legion's distinguished medal at the convention at 11 a. m. tomorrow and will speak at a formal Legion dinner at 7:30 p. m.

His present program is to leave Chicago for Washington tomorrow night or Wednesday and to depart by plane for Germany Friday.

Mrs. Eisenhower suffered a severe cold while she and the general were on their way by train to Boone to spend the week-end with Mr. and Mrs. Joel E. Carlson, her uncle and aunt.

She was removed to the hospital within two hours after their arrival Saturday night.

Revolt In Iran Grows Serious

Seven Persians Killed In Revolt That Sweeps Northwestern Iran

TEHERAN, Iran, Nov. 19.—(INS)—A revolt in northwestern Iran in which at least seven Persians were killed was reported today by a military spokesman.

The spokesman said that a separatist rebellion was started in Azerbaijan province last Friday.

Details on further action were unavailable since telephone and telegraph communications to Teheran were out.

The rebels last were reported marching in the direction of Zenjan, a railway junction southeast of Tabriz, and Kazvin, only 95 miles northwest of Teheran.

Red Cross Still Needs Birthday Cakes For Deshon

Only one person has volunteered so far to bake a cake for the Deshon hospital birthday party Wednesday evening, according to Mrs. Russell Allen, chairman of the local Red Cross chapter.

The corps needs twenty small cakes for the servicemen who are celebrating their birthdays, and fifteen large cakes for the rest of the patients. Sugar may be obtained from the Red Cross by persons willing to bake the cakes, Mrs. Allen said.

Anyone interested should call 5084, the Red Cross chapter house, today or Tuesday. The cakes should be delivered to the chapter house by Wednesday afternoon.

Not Compelled To Buy Dance Ticket

Mayor John F. Haven today in city hall requested that he be quoted as stating that "I am opposed to any high pressure method being used to sell tickets for the Policemen's ball Thanksgiving night. Further, no one is compelled to purchase a ticket but if they want to buy one that is their own business."

According to Mayor Haven, the policemen's promoter has conducted a ticket sale on the telephone.

"I approved the plan originally, because I did not desire policemen to carry tickets and ask people to purchase them. However, I received a complaint today that a man had been asked to take a ticket at a high price which resulted in my calling in the promoter who said such a request would not be made again."

Anyone who wants to pay for a ticket at the minimum price can do so. Whether or not he buys, is his own business. He is not compelled to buy," the mayor stated.

Gregory Didiano Home Once More

Cpl. Gregory Didiano, 312 South Jefferson street, has arrived home after receiving his discharge at Indiantown Gap, from the Army, on November 13.

Cpl. Didiano has been in service for four years, with two overseas. Before going overseas, he received his training at Fort Dix, New Jersey.

Serving with the medical division in England, France, Germany and Belgium, Sgt. Didiano brought home many pictures of his Army duties, as well as a German radio and other interesting souvenirs.

Cpl. Didiano, who resides with his wife, saw his daughter Bernadette, 20 months old, for the first time when he arrived home.

Dairy Testers Are Needed Here

County Association Needs Two Testers Who Can Qualify At Coming Short Course

It was announced today at the Lawrence County Agricultural Extension Office that the Lawrence County Dairy Herd Improvement Association is in need of two testers to carry on the testing work of the association here.

Testers will have approximately 25 days of work per month with a good income, and offers single men with farm background, a opportunity to gain additional dairy experience at a lucrative rate of pay. Those qualified should plan to take the two week short course at Penn State College, starting December 10.

Further information can be secured at the Extension Association office in the Post Office Building.

Police Hunting Man's Assailant

Police Captain Willis G. McMullen this morning was investigating the charge of Victor Zerkantuz that he had been struck by a black and white man 5 feet 11 inches tall whom he did not know in a robbery attempt about 11 p. m. Sunday at Pennsylvania and Long avenues.

He required treatment in the New Castle hospital for lacerations of the head.

According to police, citizens discovered the man lying upon the sidewalk and sent him to the hospital.

Police later took him to police headquarters where he said his money had not been stolen but the man had got his billfold.

The man was yet in a dazed condition at police headquarters, police reported.

Baby Is Burned By Electric Wire

Baby Judith M. Carlson, aged 14 months, daughter of Mr. and Mrs. Scovel Carlson, of 220 South Mercer street, was brought to the Jameson Memorial hospital Saturday morning, suffering with serious burns of the inside of the mouth, lips, and chin.

The little tot was playing about the home, and pulled the tape off some electric wiring, exposing the wire. When she placed the wire in her mouth, she was very badly burned.

HELPFUL PILOT
MONETT, Mo.—(INS)—Irate because a pilot "buzzed" his farmhouse early in the morning, Joan R. Roswicz's anger turned to appreciation when he learned the pilot was trying to let him know his barn was on fire.

Youngstown Man Is Fatally Hurt: Two More Injured

YOUNGSTOWN, O., Nov. 19.—One person was killed and two were seriously injured here Saturday night when John Woodall, 67, was killed when he and two companions were struck by a truck as they were crossing a street. Woodall died instantly, police said. He had compound head injuries and a crushed chest.

William Holden, 44, and Mary Holden, 46, were injured the former with skull injuries the latter an arm fracture.

John Corbin, the truck driver told police the three victims emerged from behind another truck and walked into the path of his truck.

They were taken to the New Castle hospital in a car driven by George Angelo of Ellwood City.

According to the operator he applied the brakes which failed to work and in order to avoid striking another car he steered his car across East Washington street where it struck a telephone pole.

His wife sustained a fracture of the nose and knee lacerations. Thomas 11-year-old son of Mrs. Ruth Corbin, daughter of the Holdens, suffered from shock and an injured right jaw, according to a report made to police, but was later discharged.

Seventh Ward Man Is Held For Court

Charles Forney, age 68, seventh ward, entered a plea of guilty Saturday before Alderman C. L. Mantz to a charge of assault and battery with intent to ravish, and was held for court. He gave bail in the amount of \$1,000 for his appearance.

Dachau Prisoner Gives Testimony On Death March

DACHAU, Nov. 19.—(INS)—A former prisoner at the notorious concentration camp at Dachau testified at the trial of 40 of the camp's guards today that between 600 and 800 prisoners perished in a death march from the camp.

Rudolf Wolf, the prisoner, said that as the U. S. seventh army crashed into Germany the prisoners were forced to pull enormous wagons in which SS officers had stowed their baggage.

"Guards on motorcycles goaded us with whips," said Wolf, while the guns of the seventh army rumbled behind

Vapor Solution To Kill Germs Being Developed

PHILADELPHIA, Nov. 19.—(INS)—A vapor solution similar to automobile anti-freeze, which will kill air-borne germs has been developed by three physicians at the Philadelphia Children's hospital.

The physicians discovered that only a few drops of vaporized propylene glycol solution will kill a roomful of staphylococci, pneumonia, streptococci and germs of whooping cough, as well as the common cold virus.

The three doctors, Joseph Stokes, Jr., Werner Hanle and T. N. Harris, are experimenting further to develop a satisfactory home apparatus.

CALLS FOR UNITY
NEW YORK, Nov. 19.—(INS)—Rep. Helen Gahagan Douglas (D-Cal.) today called unity between the United States, Great Britain and Russia "our only hope of avoiding war."

She repeated a belief told to a conference on American-Soviet cultural cooperation that an Anglo-American bloc against Russia would be "the most disastrous and tragic step in human history."

Operations Are Performed On Five Weeks Old Baby

PITTSBURGH, Nov. 19.—(INS)—Five-week old Janice Elder was given only one chance in five of surviving a series of delicate operations—but you would never suspect it from the quiet tearless manner which has captivated nurses and doctors at Pittsburgh's Children's hospital.

Janice, daughter of Marine Sgt. Robert Elder, was flown from Parris Island, S. C., where her mother, a former Greensburg resident, is still hospitalized.

Physicians at the hospital said one baby in five pulls through the four operations necessary to correct Janice's condition which prevents normal feeding.

She was born without a lower esophagus.

One operation, already performed while Janice was at Parris Island, involved the injection of a feeding tube into the abdominal wall.

The three yet to be performed will close the wind pipe opening and connect the esophagus with the upper stomach.

Pet Handler Award Will Be Given At Philadelphia Show

PHILADELPHIA, Nov. 19.—(INS)—The 51st dog show at Philadelphia's Convention hall will be highlighted by the inauguration of an award to a child under 16 years of age who is judged the best pet handler.

The trophy, established by Mayor Bernard Samuel, will be presented by Mrs. Venita Varden Oakie (Mrs. Jack Oakie). This will mark the first time any city head has given official recognition to the children who work throughout the year to train their dogs for the children's handling class.

Benefits from the dog show will go to the save the children federation, inc., a national organization which works to aid the underprivileged and malnourished children of rural American areas, and war victims of the Allied nations.

Tragedy Farm Now Unoccupied

MERCER, Pa., Nov. 18.—There's more bleakness about the Everett Wilson farm today than there was that October, 1943, day when three persons were "mysteriously" murdered there.

Today the household furniture and all farming equipment have passed to new owners and been moved from the farm.

They were sold at public sale which attracted hundreds of buyers and many more curious onlookers.

The sale enabled the general public to enter the 11-room house where Mrs. Catherine Wilson, member of one of the county's oldest families, and Robert McKay, a 70-year-old farm hand, were shot to death. It also opened the cow barn where Mrs. Helen Wilson, wife of the owner, died from strangulation.

Fully 60 per cent of the large crowd didn't hesitate to take advantage of the opportunity to inspect the premises about which they heard and read during the many trials which followed the triple slaying.

Police Expert Is Under Suspension

PITTSBURGH, Nov. 19.—(INS)—Hector Mariani, Pittsburgh police finger print expert, was under a 30-day suspension today after he was found guilty by a police trial board of neglect of duty.

Mariani, who failed to turn in a ring and watch in the Frank Amberson murder case, also was reprimanded from the status of Bertillon operator to that of an apprentice operator at a loss of \$82 a month in pay, Safety Director George A. E. Parley said today.

Mariani, while taking finger prints from the victim's car, found the jewelry and slipped it into his pocket, forgetting to turn it in.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully for millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tube flush out poisonous waste from your blood. Get Doan's Pills.

Charges To Follow Entry Into Office Of Mine Physician

FORCE, Pa., Nov. 19.—(INS)—Warrants charging forcible entry and robbery of the office of Dr. Elizabeth Hayes, resigned Shammut Mining company physician, are scheduled to be served today on two company officials.

General Manager Frank D. Lambert and Superintendent David Bell were accused of breaking into the doctor's office, ransacking it, loading her furniture, drugs and surgical instruments into a truck and disappearing.

Dr. Hayes was on an emergency case when the office, in a company building, was allegedly robbed.

Dr. Hayes, whose resignation last summer was followed by a walkout of miners in protest over sanitary conditions in the company towns of Force, Hollywood and Byrnesville, said no eviction notice had been served on her. Dr. Hayes said she received a letter November 13 from Shammut notifying her to vacate her office in five days.

Says 'Puppy Love' Is Only Normal

STATE COLLEGE, Nov. 19.—(INS)—The antics of adolescents suffering the pangs of "puppy love" may seem amusing, but grown-ups are reminded of the danger of making them the family laughing stock.

Dr. M. E. John, professor of rural sociology at the Pennsylvania State College, says "teasing is a dangerous type of social control at any time, and it's particularly harmful for adolescents."

Manifesting interest in the opposite sex, he adds, is "a natural, nor-

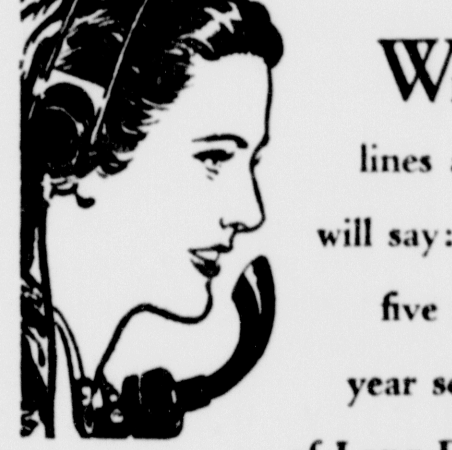

Cpl. Mike Navarra Arrives In States

Mr. and Mrs. Carmen Navarra, West State street, received a telegram, followed by a telephone call from their son, Cpl. Mike Navarra, upon his arrival at Seattle, Wash.

Cpl. Navarra would have been stationed overseas in the Pacific area three years this coming January. He has been in the service since July 10, 1942.

According to his message, Cpl. Navarra is expected home soon and will receive a discharge. His brother, C. F. Navarra, recently was discharged following four years of service.

Falls are the leading cause of fatal accidents in the United States, being responsible for more than 25,000 deaths in 1943.

When long distance lines are crowded, the operator will say: "Please limit your call to five minutes." But when, next year some time, 2,100,000 miles of Long Distance telephone circuits have been added to the Bell System, she will say this very rarely. Meantime, you'll help a lot by helping returning service men call home.

Science Seeks True Smashing Of Atom Heart

Scientists' Conference Hears
Plan To Break Up Basic
Components Of Atom

By Michael Griffin
(U.S. Staff Correspondent)

PHILADELPHIA, Nov. 19.—Scientific explorers have merely reached the outer islands of the atomic continent, but there is hope that they can penetrate the rich land beyond and eventually find out how the world is formed.

Dr. John A. Wheeler, Princeton university physicist, held out this promise Saturday in a speech at the joint session of the American Philosophical society and the National Academy of sciences.

"Undreamed of Power"
He spoke of the possibility of smashing the heart of the atom—the neutrons and protons—and declared there is hope this may be accomplished. If so, it will produce undreamed of power, he said.

"Atomic fission today releases only one part of 1,000 parts of energy," he said. "If we succeed in annihilating neutrons and protons we shall produce power that will really change our way of life."

Science is now at work on this objective, he said, and he suggested that considerable promise lies in the study of cosmic radiation and in stellar interiors.

"Use Tried Equation—Einstein's"
Dr. Wheeler said scientists should not try to work out new equations, but should re-work the tried and true ones, such as the Einstein theories.

He was the last speaker at the final session of the meeting. Earlier Professor Enrico Fermi, Italian scientist who was exiled by the Nazis, gave a dramatic account of the final success of the chain reaction experiments which preceded actual work on the atomic bomb.

He said that December 2, 1942 was the historic date on which final success was achieved at the University of Chicago.

A message was sent immediately by Dr. Arthur Compton to Dr. James Bryant Conant, president of Harvard university, who was in over-all charge of the experiments.

"Italian navigator has landed on a new world," the message read. "Were the natives friendly?" Dr. Conant wired in reply.

Discussing the job which was necessary after the success of the experiment, Professor Fermi said: "Civilization may owe its survival to the fact that no other country but the United States was capable of the industrial effort needed to create the bomb."

Professor Eugene P. Wigner of Princeton university, ended a technical discussion of resonance reactions with a plea that "scientific freedoms be restored." He was referring to the restrictions placed by the government on discussion of atomic energy.

However, Dr. Compton, who presided at today's session, said earlier that these restrictions are being removed rapidly.

Seaplanes have been used successfully since 1911.

NEW MARRIAGE LICENSE BOOK

Another marriage license book has been opened, book number 85, and the first marriage license issued in the new book was that to Floyd E. Robinson of R. D. 2 and Esther M. Hilliard of 7050 Adams street, New Castle. It won't be too long until the licenses issued in Lawrence county will number 50,000, being 47,933. At the present rate it should take about two years.

Marriage licenses are increasing in number, due to men returning from service. Most of the male applicants these days are young fellows who are wearing civilian clothes for the first time in several years.

DIVORCES GRANTED

The following divorces have been handed down by the two judges of the county. By Judge W. Walter Brahm: Helen M. Elchison from Michael Elchison.

By Judge John G. Lamoree: Agness L. Farrar from Hamilton R. Farrar; Albert Hassen from Sadie Hassen; Martha E. Warneck from Geraldine A. Warneck; Bella M. O'Brien from Daniel O'Brien; Victor M. Emery from Martha Elizabeth Emery; Louis A. Polozielec from Hilda Pokozelic; Anne Lana Ervin from Joe K. Ervin.

RECORDS IN RETURNS

At least three records were set in the election held November 6 in Lawrence county. First, in the re-election of Judge W. Walter Brahm, it was the first time any man had ever been elected for a second term since Lawrence county was made a separate judicial district in 1893.

Second, it was the first time a register and recorder had been elected for three successive terms which is what happened to Orville Potter. Third, it was only the second time a district attorney had been elected to a second term. This happened in the re-election of Leroy K. Donaldson.

And there was another record. It was probably the lightest vote proportionately ever cast in the county.

Councilmen Guests At Trucker Dinner

Members of city council will be guests of the Lawrence county chapter, Pennsylvania Motor Truck Association tonight when the chapter holds its monthly dinner meeting in The Castleton hotel at 7 o'clock.

a good man to know

Probably you know your nearby U. S. Royal Dealer. He's a good friend and a good man to know... especially these days when we're all faced with the job of making our tires last until we can get new U. S. Royals.

He may operate a super-service station and employ dozens of helpers. He may own a small one- or two-man shop in a rural area. But regardless of size, his neighbors and customers look to him as the best tire man in town. That is why he was selected as a U. S. Royal Dealer.

The best tire man in town!

He is a good man to know because he has made tires and tire care his life work.

When you go to him with a troublesome tire problem, he finds the answer with the skill of a highly trained tire service engineer. He knows the latest and best in repair and maintenance methods... He's not a Jack-of-all trades... but a master of one.

When it comes to having the right tools and the latest information on how to do the job right, he proves his right to the title... "The best tire man in town."

And to back him up with scientific and technical help, a corps of United States Rubber Company engineers brings him up-to-the-minute knowledge of factory service methods direct from the factory.

A good man to do business with!

Like every good neighbor, your U. S. Royal Dealer has community pride and personal ambition. His success or failure as a local, independent merchant

ence the outstanding service that U. S. Royals have given in your community during the war.

When he tells you about the growing preference U. S. Royals have earned with service records often equalling and even exceeding the performance of prewar tires, you see the sparkle of personal satisfaction in his eye.

If you know your U. S. Royal Dealer, you'll agree he's a good man to know. If you don't know him, get acquainted soon. He is the most important man in United States Rubber Company's post-war plan to give you the finest tire service ever offered to American motorists.

He has a good plan, too!

He recognizes his responsibility to help you keep your tires rolling until you can get new U. S. Royals. He offers you this specific plan to do that job:

1. He invites you to drive in today for a thorough inspection of your present tires. If you are in urgent need of new tires, he will show you how to get them at the earliest possible moment.

2. If your needs are not immediate, he will use his expert knowledge of tire care to help you keep your car on active duty until new U. S. Royals are available.

Register your tire needs with your U. S. Tire Dealer now. He's a good man to know. He can help you better than any other man in town to hold out for U. S. Royals.

State's Department Of Farming Is 50 Years Old

HARRISBURG, Nov. 19.—The Pennsylvania State Department of Agriculture this year is observing its 50th anniversary of its establishment in 1895.

In summing up agricultural activities within the state for the past half-century, Secretary Miles Horst disclosed that farmers and food processors have created an enviable record. In more than a dozen fields Pennsylvania leads all other states in the United States in production or value of certain foods.

Pennsylvania farmers last year produced in such quantities as to place the Commonwealth—

First in buckwheat, 2,440,000 bushels.

First in cigar leaf tobacco, 52,893,000 pounds.

First in the value of crops grown under glass \$9,742,112 (1939 figures latest available).

First in mushrooms, 20,000,000 pounds (estimated).

First in turkeys (east of the Mississippi river) 1,670,000.

First in producer-retailed milk direct from farmer to consumer, 233,000,000 quarts worth \$33,319,000.

First in the amount of apples, state graded for processing, 135,000,000 pounds.

First in nursery-grown Christmas trees.

First in production of spring and fall spinach, 1,237,000 bushels worth \$123,000.

First in number of baby chick hatcheries, 636.

First county in the United States for value of all farm crops (non-irrigated) Lancaster county; and

First county in the United States in value of farm crops used by farm households, Lancaster county.

Food Processing "First"

In addition to being the first

state to establish a livestock sanitary service, Pennsylvania was first to pass meat inspection laws for the protection of consumers. In food processing the state ranks:

First in the production of ice cream, 197,876,000 quarts in 1944.

First in production of Philadelphia cream cheese.

First in the number of carbonated beverage and still drink plants, 909 in 1944.

Pennsylvania also stands fourth in the nation in the value of fruits and vegetables handled in its rapidly increasing food processing plants which are reported to include the largest apple processing plants in the world, in Adams county; the largest grape juice plant in the world, in Erie county; the largest package ice cream plant in the world in Dauphin county.

Pennsylvania also has the largest state farm show building in the world under one roof, in Harrisburg.

Y.W.C.A. Ships 17 Boxes Of Clothing To Y.W. Of Holland

New Wilmington Group Also Sends Several Boxes Of Clothing And Bedding

Seventeen large boxes of warm clothing and bedding donated to the local Y. W. C. A. were packed Friday morning by the World Fellowship committee and have already been started on their long journey to Holland.

Besides the local boxes, several large cartons of clothing were sent down from the Methodist church of New Wilmington. Clothing may be taken to the Y. W. C. A. as another box will be sent next Tuesday. This collection is for the benefit of the Dutch people who are unable to obtain sufficient winter clothing in their country.

Offerings for the benefit of the Chinese and Filipino Y. W. C. A. organizations has so far amounted to \$100.86, and the contributions are still coming in, the local Y. W. reports. Both the money collection and the clothing are projects of the World Fellowship committee in observance of World Fellowship week.

Compensation Is Asked By Striking Greyhound Drivers

PITTSBURGH, Nov. 19.—(INS.)—Claims for unemployment compensation will be filed today as test claims involving three striking Greyhound Bus company employees as the strike moves into its 18th day.

The company was accused by George L. Bennett, acting president of the Amalgamated Association of Street Electric Railway and Motor Coach employees, of refusing to arbitrate wage demands made by the union.

Under law, strikers must wait five weeks before they can file unemployment compensation claims, but Bennett said the bus strike conditions are comparable to a lockout.

Christmas Gift Ship Is En Route To European Lands

NEW YORK, Nov. 19.—The British steamship Strategist is on the high seas bound for London with more than 200,000 Christmas gifts for needy children of 13 European countries.

The stuffed animals, hobby horses, mama dolls, candy and building blocks are being shipped overseas by an organization which calls itself the World Christmas Festival, with headquarters in New York.

Highest on the list was war-plagued Poland—with 49 boxes going to her. Holland will get 44 boxes, France will receive 42, and Belgium will get 23.

The rest will be divided among needy children of other nations, including both Great Britain and Russia.

Ernest Papanek, director of child projects for the United Nations, committee and one of the driving hands behind the Festival, said,

"We are happy over the results of our first year's work. In two months we collected 200,000 gifts from 1500 schools and colleges throughout the nation."

Traffic Deaths In Mercer County Steadily Mounting

MERCER, Pa., Nov. 19.—Traffic deaths in Mercer county will reach a new three-year high if the present rate of fatal accidents is maintained during the remaining six weeks.

Already 1945 death rate of 15 is two more than in the entire year of 1944. At this time in 1943 17 had been killed and the year ended with 24 fatal accidents.

During the first half of November there have been three deaths reported in traffic mishaps in the county.

Mercer county had one of its lowest records in recent years during the first six months when only three fatal accidents were reported.

Union Incomes Top \$389,000,000

WASHINGTON, Nov. 19.—The Treasury's first report under the 1943 revenue law on income of labor unions and other tax-exempt organizations disclosed that the non-tax paying groups had a gross income of \$5,009,619,000 for that year.

The total is based on 84,647 returns, including 28,638 from trades unions which reported gross income and receipts of \$389,686,000. The labor organizations were included among tax-exempt organizations whose primary functions are not considered business activities. The total income of this group was placed at \$1,803,047,000.

Returns Are For 1943

The returns are for calendar year 1943 and part years and fiscal years beginning in 1943. No organization was listed by name nor did the report cover all tax-exempt organizations. Some were excused by the law from filing and others have not yet filed their returns.

Tax-exempt organizations whose

primary functions are business activities, reported gross income and receipts of \$3,206,572,000 of which farmers' co-operative marketing and purchasing organizations accounted for \$2,233,904,000.

Hospital bound...

NOTHING we can ever do can adequately repay the more than 250,000 American heroes who died that we might live.

But we *can* and *must* provide hospital care and treatment for the hundreds of thousands who are maimed and crippled—some in body, some in mind.

To do less would be a lasting reproach to the free institutions of democracy for which *they* fought.

THE MONEY COSTS WILL BE HIGH

Hospitalization of our wounded will require high amounts of money. This is only one reason for the Victory Loan. Millions of men must be fed, clothed, transported home, for remember, until they are restored to civilian life the war is not over for them. And it's not over for *you* either till you do your share.

Mahoning School Goes Over The Top

Pupils Already Exceed \$3,000 Quota. Set For Christmas, To Purchase Hospital Outfit

Pupils of Mahoning school are elated about the fact that they have already gone over the top in their campaign of selling \$3,000 worth of Victory Bonds and Stamps, enough to purchase a hospital outfit. The youngsters were anticipating reaching the goal by the Christmas vacation.

Friday from Washington junior high school came a couple of moving picture films which were shown to Mahoning school pupils on that day in their auditorium. These pictures are an inspiration for the sale of bonds and stamps. One film was entitled "Diary of a Sergeant," the other "The Fleet That Came to Stay."

Tuesday morning, "turkeys" prepared by the bonds and stamps committee, will be on sale in the school. Attached to the bird's tail feathers will be Victory stamps valued from fifty cents upward. It is reported from Principal McClure's office this morning, that advance sales of \$285 have been made.

Cpl. Ernest Adamo Given Discharge

After 37 months service with the Army Air Forces, Cpl. Ernest V. Adamo has received his honorable discharge from the Army and returned to civilian life, according to word from Fort Dix, N. J., separation center.

Corporal Adamo is a son of Mr. and Mrs. Fred Adamo of 216 South Cedar street.

Prior to entering the service he was a student at Joan Carroll university, Cleveland. He was stationed at Briggs Field, El Paso, Texas, before reporting to the separation center.

State Traffic Toll Higher Than In 1944

Gas Rationing End Sends August-September Fatality List Above Any Other War Year

For the first time this year, the total number of persons killed in traffic accidents so far in 1945 exceeds the total number of persons killed during the same period of 1944, a report from the Bureau of Highway Safety shows.

Eight hundred and eighty-two persons lost their lives during the first nine months of this year, while only 861 persons were killed in the January-September period of the preceding year. The increase in the number of fatalities for this period is 24 percent.

September Toll Is 137. Although the 137 fatalities for the month of September was the same as for the month of August, 1945, it is an increase of 23 over the number of persons who lost their lives in the month of September last year, the report reveals.

It should also be noted that the number of persons killed on the streets and highways throughout the Commonwealth for the two months of August and September exceeds the number for the same months during each of the three previous years. Until the end of gasoline rationing, the traffic fatality list for this year was the lowest of the four war years.

Pedestrian fatalities have reached a total of 412 for the Commonwealth, 158 in the rural areas and 254 in the urban sections. The number of pedestrians who lost their lives in 1945 is still less than for the same period of 1944. Children under 15 years of age, and older persons of 65 years or more are the two largest groups of pedestrian fatalities.

Lawrence County Decrease. Contrary to the general trend, Lawrence county shows a decrease in traffic deaths this year, with eight persons killed in the January-September period this year instead of the 11 killed last year. Two of the deaths were in rural areas and six in urban areas. Of this total five were pedestrians. Five pedestrians were also killed in the county last year.

Pearl Harbor Attack Probe In Fourth Day

WASHINGTON, Nov. 19.—(INS)—Sen. Ferguson (R) Mich., disclosed today he has asked that any United States prewar plans for possible attack on Tokyo, Truk or other Jap bases be furnished to the Pearl Harbor investigating committee.

The Republican member's statement was made as the 10-man congressional committee convened for its fourth day of public hearings. In its hands was a document from General MacArthur's headquarters showing that:

1. Until Admiral Yamamoto conceived and perfected the sneak attack during 1941 the Japanese had no Pearl Harbor attack scheme among their "prewar plans."

2. Admiral Nagano, chief of the Jap general naval staff, personally decided on November 3, 1941, that the Nip carrier force should hit the mid-Pacific naval base.

3. If the United States had "made concessions" in the diplomatic negotiations going on in Washington during the fall of 1941 the attack plan "would have been discarded."

The information was contained in a lengthy questionnaire forwarded to the U. S. chief of staff in Washington, for the committee, from MacArthur's headquarters under date of November 1, 1945.

Ferguson told reporters that with introduction of the Japanese attack date he wished to see any comparable material from the files of the U. S. Army and Navy. Some Republican members have indicated they believe the kind of plan an attack might be expected to have in its files for possible use.

Generally, the report signed by Col. H. W. Allen, assistant adjutant general at headquarters of the supreme Allied commander, fully supported the summary given the committee by Rear Admiral T. B. Inglis, naval intelligence chief.

To Be Examined

But the Inglis account, Republican member indicated, will be the

subject of close cross-examination before the committee calls Admiral James O. Richardson, its first major witness. Richardson preceded Admiral Husband E. Kimmel as Pearl Harbor naval commander.

The committee have announced that they want to ask the admiral why he was transferred from his Pacific post shortly before the disastrous attack. Some members of Congress have charged it was because Richardson objected to orders that the U. S. Pacific Fleet be held at Pearl Harbor instead of remaining at sea for patrol duty and its own safety.

The Inglis report disclosed that Admiral Yamamoto conceived the Pearl Harbor attack in January, 1941.

A war plans conference was held from September 2 to September 13. On November 5, operation order No. 1 was sent to all fleet and task force commanders. Inglis added that on or about November 14 the attack force was ordered to assemble in Hitokappu bay, at the southern end of the Kuriles.

Its departure order was issued on November 25—the date of the first "deadline" fixed by Tokyo diplomats in secret messages for a peace agreement—and on the following day, November 26 (Japan time) the task force sailed east for Oahu.

Convention At New Wilmington

District Sabbath School Convention
Takes Place At Methodist
Church Sunday

Dr. J. W. CHECK BEES' FOOD STORE BEFORE COLD WEATHER

Make certain all bee hives contain sufficient food stores to keep the colony over the winter season. Each hive should contain about 45 pounds of honey, and any colonies lacking this amount should be provided with supplemental feeding immediately.

There is no satisfactory substitute for a syrup made from white granulated sugar to supplement the winter store. If sugar is available, the syrup can be made by dissolving 2 parts sugar to 1 part warm water, by measure. Bees should not be fed, except in cases of extreme necessity, if the temperature falls below 55 or 60 degrees, Fahrenheit.

Two methods of feeding may be used. The most common is placing the sugar syrup in a 5-pound honey pail, in which several holes have been punched into the top. This can is then inverted over a frame of a cluster of bees, permitting the colony to feed on the syrup as it oozes from the can. The other method is simply using a dipper to pour the syrup on empty combs, which are then replaced in the hives.

Ex-Wac Buys Farm With 'G.I.' Loan

TANEYTOWN, Md., Nov. 19.—(INS)—The first WAC to buy a farm through a G.I. loan, ex-Pvt. Dorothy D. Chamberlin, was hard at work today on her 101 acres near Taneytown.

Enlisting in 1941 she learned farming during summers between classes at George Washington University. She rented the farm several years before enlisting.

The former WAC bought the land for \$4750 on returning from the wars. She pledged several assets to cover \$750 and a bank loaned the remaining \$4000—a first mortgage guaranteeing half and a government guarantee covering the remainder. Her husband, Lt. Guy R. Chamberlin, was one of the first officers to die in the Meuse-Argonne offensive in World War I.

Tragedy Occurs In Pittsburgh Home

PITTSBURGH, Nov. 19.—(INS)—A father and son died in a house in a serious condition in a hospital after he had come back in his Pittsburgh home.

The father, Pete Smith, 42, shot and killed himself after he had beat his 11-year-old daughter, Margaret, on the head with a hammer, and inflicted severe head injuries and a possible fractured skull.

Robert, Smith's 15-year-old son, heard his sister scream and ran downstairs and wrestled the hammer away from his father. While the children ran outside seeking help, Smith walked upstairs and shot himself in the temple with his son's rifle.

Titans Lose At Butler 58 To 51

Don Heddeleston, Army Dischargee Paces Westminster With 19 Points, Novak Gets 26

(Special To The News)
NEW WILMINGTON, Nov. 19.—Westminster college Titan basketball team unable to withstand a last quarter surge of the Butler BISC team at the Butler "Y" Saturday night, bowed in defeat 58 to 51 in a warm-up game for the collegiate schedule that lies ahead.

Westminster fell behind 17 to 10 the first period, only to force into the lead at the half 31 to 29. The Titans led at the end of the third period 45 to 44, but in the last period could get only six points to 14 for the Butler team.

Don Heddeleston Stars

The shining light in the Westminster offense Saturday was Don Heddeleston, East Liverpool, O. youth, army dischargee who flipped over 19 points, proving that he has not lost any of the cunning that was his in the 1942-43 season before entering the Army Air Corps. Another standout was Jay Cochran, the Gary, Ind., freshman guard who piled in 11 points and played a great game on defense. Fred Paine, who has taken over the center berth left vacant by the departure of Noble Jorgenson, looked good also as he scored nine points.

Opposed to the Westminster team was Ed Novak, veteran Butler player, who scored 26 points. Bobby Ayob at center, formerly with the IPittsburgh professionals, Sid Raphael, former New York university star, and Art Pansa, former Rhode Island star, now at Deshon hospital.

Play Akron Saturday

Westminster starts the home schedule Saturday night of this week by playing the Akron Goodyears. A practice game will be played Tuesday with the Butler Cubs.

The public will not be admitted to the game Tuesday, it was announced by Coach Grover C. Washbaugh.

Can't Play, But Is Good Manager

STATE COLLEGE, Pa., Nov. 19.—Rudy Brannaka is one of many freshmen seeking managerial berths at Penn State. He chose basketball because he played four years at Liberty Vocational School, in Tioga county, and always liked the game. A year ago, while working on the farm, a corn picker chewed off his right arm up to the elbow. "It's not as much fun as playing," Rudy admits, "but it's lots better than giving up the game."

Rams-Redskins League Leaders

Cleveland Leads Western Pro League, Washington Leads Eastern League

(By International News Service)
Cleveland's youthful Rams could try the Western Division National Football league crown on for size today, with only a victory over Detroit on Thanksgiving Day needed to assure permanent ownership of the 1945 gridiron bauble.

Both teams have only two games remaining, and a Cleveland triumph would lengthen the lead it took Sunday by defeating the Chicago Cardinals, 35 to 21, while Detroit was upset by the New York Giants, 35 to 14. In other games Sunday, Green Bay rebounded to thump Boston, 28 to 0; Washington rallied to whip the Chicago Bears, 28 to 21, and Philadelphia ground Pittsburgh, 30 to 6.

Redskins Vs. Eagles
In the Eastern Division, another showdown game is scheduled next Sunday when first place Washington tangles with Philadelphia, coming up fast in second place. A Philadelphia victory would deadlock the standings with six wins and two losses for each team. A Redskins victory would make them very difficult to overtake.

Other games on the abbreviated fare next Sunday are Green Bay at New York and Pittsburgh at Chicago Bears.

Coast Griddler

Fatally Injured

HAYWARD, Calif., Nov. 19.—(INS)—Funeral services were pending Saturday for Manuel Traintafillos, 16-year-old Hayward high school quarterback who died Friday of a broken neck suffered in a football game last week.

The accident occurred in the third period of a game with Alameda high school. Traintafillos was tackled head on by an Alameda player. It was the first football fatality in the Alameda County Athletic league in 25 years.

Students at the Hayward high school raised \$1000 for Traintafillos' hospital and funeral expenses.

MORE TURKEY THIS YEAR
WASHINGTON, Nov. 19.—Turkey available at Thanksgiving should add up to five pounds for everybody in the nation, not counting stuffing and gravy, Secretary of Agriculture Anderson said today. The turkey crop, he explained during a broadcast, is 22 per cent above last year and the army and navy are not taking as many as expected.

Mexican Fighter Lacks In Punch

Nickie Moran, Could Have Defeated Tippy Larkin Friday But Can't Punch

(International News Service Writer)
BALTIMORE, Nov. 19.—In the words of that well-known advertisement, Nick Moran, the Mexican fighter, is tough but oh, so gentle.

Moran, who lost to Tippy Larkin in a lively tangle in Madison Square Garden, N. Y., Friday night, is returning to Los Angeles soon to marry a lassie whose name is Miss De La O, and that's correct, the O being as in O boy! I presume Miss O says of her intended, if he only could cook.

But from a boxing standpoint, we say, after having watched him give it the liveliest sort of a bustle through two fights, if he only could punch.

Just Can't Punch
If the Mexican Rose really could throw a punch instead of half pushing his blows, particularly his left, he probably would have knocked out Larkin. Heaven knows, he hit Tip enough punches in spots. And heaven also knows that the Jersey welterweight has no iron jaw.

And if Tippy's chin will take a fellow's punches and come back for more, that's the tip-off. It means that the other fellow whoever he may be, can't hurt which, I am constrained to believe is Moran's story.

When his rivals get in on top of him and rough him, Larkin seems lost and starts stealing quick ganders at the clock. Close range biffing is not for him.

This was the way that Moran made Friday night's scrap look good, and now he is convinced a noisy short-end of the betting cheering section that he was closer to winning than that actually he ever was.

New Castle Rifle Club Is Battling For Lead Tonight

New Castle Will Have Shoot At Valley Range With Runnersup This Evening

New Castle rifle club members will go to the Beaver Valley tonight for a shoot with the second place Beaver Valley team in a match for first place. New Castle will have to win tonight to stay on top undisturbed, as a Beaver Valley win will tie the league up with four and one apiece.

The New Castle team, undefeated in four previous matches, will meet at 7 o'clock at Grant and Jefferson streets to make the trip. The Beaver Valley team, one of the strongest in the league has won three and lost one. Ellwood is in third place with two and two.

Standing of league:

	W.	L.	Pct.
New Castle	4	0	100%
Beaver Valley	3	1	75%
Ellwood	2	2	50%
Butler Pullmans	1	3	25%
Herman	1	3	25%
Evans City	1	3	25%

Byrd-Harrison In Golf Match Playoff

MOBILE, Ala., Nov. 19.—(INS)—Sam Byrd of Detroit, Mich., and Dutch Harrison of Little Rock, Ark., squared off today in an 18-hole playoff round for the championship of the \$10,000 Azalea Open Golf tournament.

Both golfers finished the regulation 72-hole tournament Sunday with 283.

Harrison, a former Army Air Corps sergeant, fashioned a 69 on the final round to overcome Byrd's three-stroke lead.

Ben Hogan, Hershey, Pa. professional, finished two strokes behind the deadlocked leaders with a 285 for third money of \$1,000.

Joe Kirkwood, Philadelphia trick shot artist; Harold Jug McSpaden, Merion, Pa.; Art Doering, Denver; and Denny Shute, Akron, O., tied with 289.

Ty Cobb Planning Hospital Memorial

ATHERTON, Cal., Nov. 19.—(INS)—Ty Cobb, the "Georgia Peach" of baseball history, Saturday confirmed reports that he is planning to build a model hospital in Roxton, Ga., in memory of his parents.

Cobb, who is retired and lives in Atherton, said he is working on the project with Dr. Stewart Brown of Roxton, a former schoolmate and early-day companion.

Long Week-Ends By Plane Seen

OKLAHOMA CITY, Okla., Nov. 19.—(INS)—Week-ends by airplane to points 1,000 miles away and two-week vacation flights to Europe were visualized as "commonplace" in the not distant future by Carl B. Soule, vice president of Lockheed Air Craft Corporation, Burbank, Cal., in a speech today before the National Aviation Clinic.

The clinic, attended by aviation leaders from all over the country, opened a three-day session this morning. The meeting was called to order by William R. Eynart, president of the National Aeronautic Association.

Addresses of welcome were made by Gov. Robert S. Kerr of Oklahoma and R. A. Heffner, mayor of Oklahoma City.

A highlight of the day's activities was the scheduled talk of Lt. Gen. Ira C. Eaker, deputy commander of the U. S. Army Air Forces, whose topic at a noon luncheon was "winning strategies in aerial warfare."

Penn State's big line has restricted two of its 1945 football opponents to minus yardage.

Urge Major Leagues Adopt Negro Players

NEW YORK, Nov. 19.—(INS)—Mayor LaGuardia's committee to study racial discrimination in baseball today blamed "prejudice and tradition" for the exclusion of negroes from organized leagues.

Appointed largely upon the request of Larry MacPhail, president of the New York Yankees, and Branch Rickey, president of the Brooklyn Dodgers, the committee advocated that the major leagues immediately adopt a policy whereby negro players would receive equal opportunity for advancement.

The report expressed the belief that "the only equitable solution to this problem is that individuals be treated alike and with relation to their abilities throughout organized baseball."

Probable representative for the Rose Bowl is U. C. L. A., which ascended one and over with a 13 to 7 last-minute win all with St. Mary's previously unbeaten and untied. That is, if U. C. L. A. can get by California and Southern California.

Also being the dust along with the Sugar bowl was Holy Cross. Previously untied, the Crusaders were upset 14 to 6 by Temple, beaten once heretofore.

In other upsets, Michigan State trounced Penn State 33 to 0. Harvard defeated Brown 14 to 7, and Minnesota dropped a 20 to 19 decision to Iowa, which had been soundly drubbed six times in succession.

Penn Meets Cornell Saturday, Penn State Plays Pitt at Stadium in Pittsburgh

(By International News Service)
The state's 1945 gridiron season moved toward a climax today with only three games slated for Saturday.

There were no Thanksgiving games scheduled.

Pennsylvania, jarred 61-0 by Army's juggernaut, will round out the season on Franklin Field against Cornell.

The Quakers, who have bowed only to Navy and the Cadets, were expected to be pre-game favorites over the Big Red. Cornell has been defeated by Princeton, Yale and Columbia.

Pitt Vs. State
Penn State's Nittany Lions, their hopes of a bowl bid dashed by the 33-0 whitewash doled out by Michigan State, will meet the Pitt Panthers in the steel city, Pitt topped by powerful Indiana 19-0 last Saturday, may be in trim to hand the Lions another lacing in the traditional series.

Lehigh, prepped by a 14-9 victory over Drexel, will entertain Lafayette at Bethlehem. The Atlantic City Naval Air Cadets tripped Lafayette 12-7 Saturday.

Temple closed its regular season by upsetting the undefeated Holy Cross 14-6 at Worcester, Mass., and Coach Ray Morrison was hopeful of snaring a bid to the Orange or Cotton bowls for New Year's Day.

Westminster To Have Intramural Sports

NEW WILMINGTON, Nov. 19.—With a large increase in the number of male students at Westminster college, intramural sports on campus will again receive full attention. The athletic cups have been dusted off and will be awarded to the championship teams.

Mei Helzer, physical education instructor, has announced a complete schedule of "A" and "C" ball for five teams. Entered in the league are three fraternities, Kappa Phi Lambda, Sigma Phi Epsilon, and Alpha Sigma Phi; independents and faculty. Competition will begin after the college Christmas vacation.

A cup will also be awarded for the best softball team next spring. Volleyball will fill in between the basketball and softball season.

Red Wings Tie For First Place

(International News Service)
The New York Rangers again were in their accustomed place in the National league hockey standings—last.

The Rangers were nudged into last place by the next to the last Toronto Maple Leafs 3-1 in a game at New York Madison Square Garden.

At Chicago, the Detroit Red Wings moved into a tie with the Montreal Canadiens for first place by beating the Chicago Black Hawks 5-3.

Glass Workers Get Pay Boost

ATLANTIC CITY, N. J., Nov. 19.—(INS)—Ten cent hourly wage increases were granted today for 1550 glass workers.

The wage boost was agreed upon during the conference of the American Flint Glass Workers Union of North America and the National Association of Manufacturers of pressed and blown glassware at Atlantic City.

The AFL Union President Harry H. Cook, of Toledo, O., announced the increases would be given to eight hundred men in the pressed branch of the mould making departments, retroactive to Sept. 1, 400 operators in the automatic machine departments, effective Dec. 3, and 350 workers in the machinist departments, effective Dec. 3.

RELIEF COST IN STATE
HARRISBURG, Nov. 19.—(INS)—The department of public assistance reported today that relief expenditures during October totaled approximately \$5,140,000.

Acting Secretary Robert P. Wray said the number of relief recipients increased by 4,000 during last month, of which 66 per cent were added to dependent children rolls.

Penn State's basketball aspirants numbered nearly 100 at the start of the current training period.

Upsets Startle Gridiron World

Holy Cross, Penn State, St. Mary's, Bowl Aspirants Get Setbacks Saturday

NEW YORK, Nov. 19.—Football upsets brought a depression in the "bowl business" today.

The ranks of the untied, unbeaten and untied eleven now are becoming as scarce as a Navy nurse at a GI dance.

This select group of gilt-edged candidates for a post-season classic now includes Army, (which may or not be receptive), Alabama, Oklahoma A. & M. and Little Virginia.

U. C. L. A. Surprises
Probable representative for the Rose Bowl is U. C. L. A., which ascended one and over with a 13 to 7 last-minute win all with St. Mary's previously unbeaten and untied. That is, if U. C. L. A. can get by California and Southern California.

Also being the dust along with the Sugar bowl was Holy Cross. Previously untied, the Crusaders were upset 14 to 6 by Temple, beaten once heretofore.

In other upsets, Michigan State trounced Penn State 33 to 0. Harvard defeated Brown 14 to 7, and Minnesota dropped a 20 to 19 decision to Iowa, which had been soundly drubbed six times in succession.

Army "Bama" Roll On
Army and Alabama, both unbeaten and untied, emerged as the country's leading powerhouses (not that they needed to prove it). Army massacred a good Penn team 61 to 0 to maintain its proud position as the nation's best with 17 straight wins and Alabama murdered Vanderbilt 71 to 0.

Oklahoma A. & M. also unbeaten and untied, smothered Texas Tech, 46 to 6, and Indiana leading the western conference race, scored a 19 to 0 win over Pittsburgh in the mud.

Lehigh Favored Over Lafayette In Grid Battle

Longest Football Rivalry In United States, Will Be Eighty-First Renewal

EASTON, Pa., Nov. 19.—(INS)—Lafayette and Lehigh will meet in Bethlehem next Saturday for the 81st time in the longest unbroken gridiron rivalry in the United States, with Lehigh a slight favorite for the first time since 1942.

Started in 1884, the series has continued uninterrupted ever since and has survived three wars. During the last two seasons, when football at both institutions was curtailed and limited to civilian students, two games were played each year, a practice in vogue in the early days of the series.

Lafayette has a big lead in the series, having won 50 games to 27 for Lehigh, while three games ended in ties. Lafayette won the last four games, two each in 1943 and 1944, but the last pre-war game in 1942 ended in a 7-7 deadlock.

TED CASTLE, whom, if recollection is accurate, once performed fistically in the Dime gym, is attending the twenty-second annual Marine Corp league convention at Springfield, Ill. Governor Green of Illinois presented Ted with the manuscript of the address the governor delivered. John McKibben, veteran of World War I, who recently underwent an operation for the removal of a cataract on one eye, is now able to get about. He expects to have a cataract on his other eye removed several months hence. Westminster will open their basketball season against Akron Goodyear at home November 24 and play a repeat game at Akron four days later. Twenty-one games in all are listed and clashes against college quintets will start December 5 with Juniata College visiting New Wilmington.

This is the time of year when Butler's foremost baseballer, Jack Dunlevy, inquires about 1946 prospects. Paul Brown, coach of Cleveland's All-American eleven, and who is well known here because of the drubbing Massillon has given Ne-Ca-Hi, has denied he will forsake the All-American loop to coach Kentucky U. Ed Wadding's fish calendar says fishing should be good the remainder of this month. Bass season expires November 31. Fritz Ziv, a shrewd fellow, according to "our book" is another boxer who has discovered a fighter cannot manage himself. He is now managed by Chuck Ergles. Not everyone is capable of managing a boxer hence some boys are soon knocked punch drunk. A "second" and referee are important men in a grueling glove encounter.

North Carolina conservation department reports that shrimp boats at Southport are netting \$1,000 a day, so no craft are available for sport fishing at present. Purdue's "touchdown" twins, Ed Cody, fullback, and Bill Canfield, the halfback, have scored 19 of the 27 touchdowns the Boilermakers have compiled this year. Cody has bagged 11 touchdowns, Canfield the other eight. Neither one has accounted for an extra point since Tom Hughes, the titanic tackle, does all the extra-point booting.

Fair Or Foul

(By LAWTON CARVER)
(International News Service Sports Editor)
NEW YORK, Nov. 19.—The international angle has been conspicuously injected into our expected post-war sports boom—a gold rush which seemingly had already started through the announcement that Gus Lesnevich will go to London for an engagement with Bruce Woodcock, the British empire heavyweight champion.

This will be a non-title affair, of course. Lesnevich is only a light heavyweight title-holder appearing against England's champion of the unlimited weight division. This also is likely to be one of the softest touches Gus will get in his pugilistic lifetime, if Billy Conn knows anything about fighting.

Conn, an unemployed boxer, while on duty abroad as a corporal in the U. S. forces of his Uncle Sam, not to be confused with his Uncle Mike Jacobs, and quickly formed the opinion that Woodcock couldn't beat a good third-rater over here.

As so that, since when has it been necessary for a foreigner to be able to fight to get into competition with our big men? Sure they have had some real good small fighters, guys who could make out best ones stop all out, but their cruiserweights or dreamweights, or whatever they tag the big ones, have been a awful herd of round heads.

There was the Joe Bechets, the Billy Welles, the Phil Scotts and also one Jack Dowie, better known as the Irish Thrush, who has done most of his fighting in England before and after his visit to the U. S.
